Extension to Dahlonega:

Back to The Farms.

Mr. W. A. Carlisle, engineer in charge for the Gainesville & Dahlonega Electric Railway Co., writes from Gainesville, Ga., to the Manufacturers' Record concerning a recent press report. He says:

"Our company is not contemplating an extension to Homer, but to Dahlonega, Ga. The distance will be about 27 miles, and the line will traverse a mountainous country, well timbered, and will reach many mines. Connections will be made with the Southern Railway and Gainesville, Jefferson & Southern Railroad. It is the intention of the company to build the road themselves."

Chicago papers during the past few days have contained interesting stories of a convict who is dying in the Ohio penitentiary with a great secret locked in his breast. He is a counterfeiter of the name of Mason, a metallurgist and a chemist, and his secret is a chemical method for coloring silver and other metals to the hue of gold and at the same time give the coin the true ring and weight of gold. The claim for the old criminal seems to have a tinge of yellow about it, but the Chicago papers say it is true.

The dispiriting labor which bent the forms of the elders and sent the lads scurrying cityward has been lightened by devices better accomplish the end sought. The long hours are shortened, and the farmer-fins' time is indulged in the enjoyments of life. This new condition, added to the fascination of independence, has turned many men from other professions toward the country, carrying with them the mannerism of their chin whiskers is threatened by the Prince-Albert coat.

The Civil Service Examination at Dahlonega.

The following letter from John C. Black, of the Civil Service Commission, explain itself:

UNITED STATES CIVIL SERVICE COMMISSION,
WASHINGTON, D. C.,
July 21, 1904.

MR. J. M. ASHLEY,
DOUGHERTY, Dawson, Co., Ga.

In further reference to the matter of holding examination this fall at Dahlonega, Ga., the Commission desires to call your attention to the necessity for sufficient accommodations for examining the competitors. It is requested that you endeavor to procure, without cost, if possible, the use of a room, or public hall, with the necessary number of desks and chairs, to accommodate 75 competitors, the number which you believe will take these examinations.

There are enclosed herewith copies of the announcements of the examinations, to be held at Dahlonega, which may be furnished to the Press for publication without cost to the Commission. The secretary of the Fifth U. S. Service District, will conduct the examinations mentioned under schedule "A" to be held October 25, and the Commission will endeavor to arrange to have Major Tillson, whom you mention in your letter of June 7, conduct the examinations scheduled to be held on September 14, and October 19.

The Commission thanks you in advance for your efforts in the matter. Very respectfully,

JOHN C. BLACK,
President, W. R. B.

No. 706.

FALL EXAMINATIONS.

DAHLONEGA, GA.

The United States Civil Service Commission announces that the fall examinations under Schedule A, in the Manual of Examinations, will be held on October 25, 1904, and those under Schedule D on the dates indicated in the Manual, at Dahlonega, Ga., in addition to the places mentioned theria.

Full information relative to the subject and scope of the examination will be found in the Manual.

These examinations are open to all citizens of the United States who comply with the requirements.

Applicants should at once apply to the United States Civil Service Commission, Washington, D. C., for a copy of the Manual of Examinations and the proper application blanks, indicating the positions which they desire. Applications should be properly executed and filed with the Commission at Washington six days prior to the date of the examination selected.

Issued July 14, 1904.

In the Cascade mountains, about seventy-five miles east of Jacksonville, Oreg., the seeker of the curious will find the Great Sunken Lake, the deepest lake in the world so far as its situation is concerned, for it is said to average 2,000 feet down to the water on all sides.

The depth of the water is unknown, and its surface is smooth and unruffled by the strongest winds. It is about fifteen miles in length and four and one-half miles wide. For unknown ages it has lain still, silent and mysterious in the bosom of the great mountain range as though scooped out by the hands of a giant genius.

When a woman is nursing a sick husband she hasn't any doubt she is performing a conscientious duty when she wakes him up to ask him if he is resting well.

The Republican Delegates.

Below is a list of the delegates and proxies, who attended the recent district convention in Dahlonega, composed of U. S. commissioners, marshals, postmasters and others. Some of them voted in the late democratic primary and pledged themselves to support the nominee of that party, but you see how it is. They are honor bound to stick to Mr. Bell, and those who did vote in the democratic primary and go back on their word, cannot be depended upon in anything, much less politics. Pick them out and remember them.

Banks—J. D. Hill.
Cherokee—W. T. Edwards, W. B. Puckett.

Dawson—J. W. Parks, W. E. Wells, V. D. Monroe, D. M. McKee, Elias Daniel, J. H. Owens, J. N. Morton, James Tatman.

Fannin—J. Hall, H. H. Holt, proxies by J. N. Long.

Gilmer—H. M. Ellington, B. C. McHann.

Gwinnett—J. M. Todd, J. W. McGee.

Hall—H. P. Farrow, C. E. Williams, L. N. Hawgood, S. T. Goudlock, J. B. Gaston, H. D. Jaquish, R. A. Chambers, B. R. Launders, J. O. Hughes, D. P. Smith, Wm. Hood.

Jackson—B. L. Rakestraw, D. G. George, J. E. Dunegan, D. D. Dowda.

Lumpkin—H. D. Ingerson, J. C. Brittain, Lewis Wells, Ed Corn, Jerry Black, B. F. Anderson, Mat Wehnut, J. W. Walden.

Pickens—A. J. Spence, W. T. Day, J. W. Patterson, John Long, Rabun—J. W. Godfrey, M. C. Warlick, proxy for H. J. Keenan, J. L. Henson.

Towns—John A. Corn, G. W. Johnson.

Union—Grant Woody, J. A. Downs.

White—Alexander Davidson, Habersham—M. C. Wilcox, O. J. Reynolds, J. C. Thomas. Milton and Forsyth were not represented.

Wahoo.

MR. EDITOR:

As we all read THE NUGGET over here, and enjoy it so much, we feel like we wanted to tell you about it. In the mean time we beg to say that we claim our section to be the best section in Lumpkin county. You will pardon us of course, because if we didn't tell it ourselves nobody else would tell it for us.

Wahoo is surely a progressive country. We have two corn mills and will soon have one wheat mill. We have one mercantile establishment, and Mr. Young Abercrombie is soon to open up a store. Again, Mr. G. G. Evans is our saw mill and machine man. Mr. Evans is also our next ordinary of Lumpkin county, besides being on the Board of Education.

So you see that we have every thing we want over here. We have plenty to eat, plenty of good neighbors, and also churches and schools.

Professors Tom and Edwin Brackett have had a big singing school here for the past two weeks.

Another thing that we are proud of, is that we have a splendid school. We have a large attendance and the pupils are well advanced.

With our singing school and our literary school combined we are going to raise the Wahoo flag and shout such a "War hoop" that our voices will be heard all over the county.

Woman.

What is a woman? Only one of nature's agreeable blunders.—Bulwer.

A beautiful woman is the only tyrant man is not authorized to resist.—Victor Hugo.

Unhappy is the man to whom his own mother has not made all other venerable.—Richter.

The best thing I know of is a first rate wife, and the next best thing is a second rate one.—Josh Billings.

A beautiful woman is a practical poem, planting tenderness, hope and eloquence in all whom she approaches.—Emerson.

They govern the world, these sweet voiced women, because beauty and harmony are the index of a larger fact than wisdom.—O. W. Holmes.

A good book and a good woman are excellent things for those who know how to appreciate their value. There are men, however, who judge both by the beauty of the covering.—Dr. Johnson.

Messrs. R. B. Alexander and S. R. A. Alexander gathered this year from 40 acres at Laredo, Texas, 45 carloads of onions, averaging 24,000 pounds to the car and bringing \$26,000 and \$28,000. The expenses of the crop were about \$6500.

Single Nothingness.

A number of Philadelphia lawyers, says the Philadelphia Ledger, were exchanging stories of their experiences with witnesses under examination. One of the party told the following:

He was questioning a witness and said, "Have you lived in Philadelphia a number of years. How long?"

"Just twenty-five years."

"Where did you live before that time?" asked the lawyer, hoping to prove an important point.

"I didn't live," replied the witness. "I was single."

It will be well for the republican party to remember that the democratic party is the original sound money party, while the republican party has always been, up to a few years ago, the flat money party. The republican party is great at claiming everything in sight and taking everything that is not nailed down.—Dalton Citizen.

Rev. Sam Jones has been adopted by a tribe of Oglala Indians in Michigan and named Na-ta-ga-ge-tut or "flowery talker." He joined them last week in a war dance and they were delighted with the pale face of Georgia.—Dalton Citizen.

THE NUGGET.

DAHLONEGA, AUGUST 5, 1904.

Elected at the Dahlonega, Ga. P. O.
as Second Class Matter.

Official Organ of both City and
County.

Gwinnett county has forty-seven
candidates for county offices.

The senate didn't favor any tax
on proprietary medicine and killed
the house bill requiring it.

The Dalton Citizen says: Grow
Bermuda grass, raise stock, work
for Parker and get rich.

The bill to increase the common
school fund from \$800,000 a year
to \$1,000,000 has passed the house.

An effort is being made to get
an independent candidate to run
against Judge Gober in the Blue
Ridge circuit.

A Savannah woman has taken
out an injunction to prevent a
certain young man from coming to
see her daughter.

The Georgia peach crop is so
large that the growers have had
trouble in securing enough cars to
ship their fruit.

Last Friday the W. & A. R. R.
carried 125 cars of peaches into
Atlanta, which grew in Whitfield
and Floyd counties.

The first bale of Georgia cotton
was sold in New York a few days
ago and the proceeds put into the
Parker and Davis campaign fund.

Last Saturday was a big day in
Gainesville. Both branches of the
legislature and hundreds of other
people took part in a barbecue out
at Warner's Park.

Lightning struck a hollow tree
on the farm of Capt. Smith near
Neilly, and killed a large rattlesnake,
seven feet long, which had taken refuge in the hollow.

The senate passed the Australian
ballot bill this week, and it becomes
law after the 1st of January, 1905, in each county voting for it,
where it receives a majority vote.

Those who voted in the demo-
cratic primary and fail to support
the nominees, either county or
congressional, can't call those who
deserted the confederacy during
the war and crossed over to the
enemy "hog backs" any more.

Hon. Thomas E. Watson will
accept the populist nomination for
president, but it won't cut any figure.
He got defeated once for vice-president;
and a man that can't be elected vice is not apt to
be chosen for a higher position.

None of the republican editors
who attended the recent conven-
tion in Dahlonega, had anything
to say about the racket that oc-
curred. To read their account of it,
everything appeared to be as
lovely, harmonious and enjoyable
as an old time basket meeting.

News came from St. Petersburg
last week to the effect that M.
Von Plehve, minister of all the
Russians, was assassinated at Warsaw
station, by a bomb being
thrown under his carriage, explod-
ing and terribly mangling the
minister, killing his coachman and
injuring a number of bystanders.
The assassin is an unknown Jew.

The republicans of Lumpkin
at its recent meeting in electing
delegates to the district convention
selected one who pays no taxes
and is on the insolvent list, be-
ing an evident fact that they are
running short of material, even if
those present did unanimously endorse Mr. Ashley for congress. A
man who is not allowed to vote
can't cut much of a figure in politics.

Last week Judge Gober and Mr.
M. Sessions had a war of words
before the legislative committee.
The lie was passed by both. It
grew out of the late primary, in
which the judges were elected by
the people. No such a law as this
should ever have been passed by the
legislature. It's bad enough for
judges to resort to things that are
done in elections, and when they
get to fighting or giving people
the lie, it is worse.

The City Council Meeting.

The council, at its regular meet-
ing last Monday night, fixed the
tax rate same as last year—57
cents on the one hundred dollars.

The public school bond, No. 6,
being paid off, was burned in
presence of the council.

On motion it was resolved to
have the cemetery cleaned up, the
contract to be let to the lowest
bidder, provided it is reasonable,
otherwise the marshal will have it
done.

The finance committee made a
report which was adopted and or-
dered spread upon the minutes.

The marshal's report for July
was received, which was as follows:
Street tax collected \$42,10;
Sanitary tax \$21.25; Dog tax \$8.00.
Total, \$67.85.

Not Very Strong For Ashley.

After Bro. Davidson, of Cle-
veland, Ga., served as a delegate to
the district republican convention
held in Dahlonega recently and re-
turned home, this is what he says about
the republican candidate
for congress, showing that he is
not very strong in the faith of
republicanism: "Now the people
of the ninth Congressional District
have two duly nominated candi-
dates to vote for Hon. J. M. Ash-
ley, republican of Dawson county
and Hon. Thos. M. Bell, demo-
cratic of Hall county. Both are
men of the highest standard of
ability and we fear no bad or
careless legislation on the part of
either, hence our congressman will
be a good one whichever of these
two worthy gentlemen are elected in
November. They are both men
of no legislative experience and
the ground upon which to stand in
choosing our candidate should be
taken from a political standpoint.
These gentlemen will later discuss
their platforms before the people
and leave it for them to say which
they think will do the most
good for the district."

Wanted Mr. Ashley to Run.

It has been said that Col. Far-
row never did want Mr. Ashley to
run for congress in the 9th, but it
is a mistake. In a circular of Col.
Farrows to his republican friends,
dated June 4, 1904, when no ques-
tion had been raised about Mr. Mr.
Ashley's eligibility, Col. Farrow
said this in the last paragraph,
proving the report that the Colonel
promised Mr. Bell, the demo-
cratic nominee for congress, that
there would be no republican can-
didate put in the field against him,
to be incorrect. Here it is:

"And in conclusion I will add
that Hon. Wm. T. Day, of Pickens
county, and one or two others,
whose life-long Republicanism has
endeared them to all true republi-
cans throughout our mountain dis-
trict, have in response to our en-
treaties assured us of their inability
to make the race, and now the
general sentiment of the Republi-
cans of the district is in favor of
Hon. J. M. Ashley, of Dougherty,
Dawson county, who we can prevail
upon him to consent to make the
race. He has the master under
consideration and has promised to
give us an answer at an early day.
If Mr. Ashley will consent to be
our candidate we will have just
such a campaign in the mountains
as has seldom been seen in Georgia.
Tell your Republican neighbors,
those true and tried Union
men of the 'sixties' who are still
littering on this side of the river,
that we will give them a most
worthy candidate to vote for, and
I have reasons for hoping that it
will be Hon. J. M. Ashley, of
Dawson county, and that I hope to
be able to make such an announce-
ment very soon."

The last Hall county grand jury
recommended the pardon of Mr.
Phillips, the constable who got
drunk and murdered a negro that
he had under arrest, and was sent
to the penitentiary for it. What
next? There will be no decrease
in murders as long as so many are
pardoned out of the chain gang.

The Japs whipped in two differ-
ent battles this week.

Mining Notes.

Huff & Moose were able to run
their placer work two full days
this week and among the nuggets
found one worth \$1.75.

At the Calhoun mine they have
cross cut a body of auriferous
gravel for a distance of 200 feet
which measures in depth from two
to eight feet, and the indications
are that the channel will be some
150 feet wider yet.

The fixed time for the thorough
testing by Mr. Ewing on the Hand
is already up and the gentleman
is preparing his report for the
company now. In the meantime
work continues at the mine, and
is giving very satisfactory results.

The heavy rain of Sunday swept
away the dam of the McAfee-Lind
mine and nothing can be done in
the way of mining there until the
dam is rebuilt. Mr. McAfee-Lind
tells us that this will be done right
away and it will only require some
two weeks after it is commenced,
being across a branch.

The company is having the Bar-
low mill repaired and put in good
shape which will be completed
this week. Mr. Bainbridge has
been giving the work his personal
attention. When the work is done
some practical miner will be put
in charge of the mill. Mr. Tre-
gent the placer diggings. A fine
lot of ore is already out ready to
be crushed. —Columbus Sun.

Never in the history of the com-
pany before has the Chestatee river
been so low that it couldn't be
worked by a dredge until recently.
The plant of the North Georgia
Electric Co. is located on this river
which furnishes power to run the
street cars in Gainesville, and last
Saturday it got so weak that they
could barely hold the cars
down, but since then heavy rains
have fallen on the river and it is
hoped that dredging for gold will
begin again within the next few
days. Later.—The boat com-
menced operation yesterday.

After the rain the gate at the
Gorge dam was shut down at 3
o'clock Monday morning and some
time during Tuesday night the
water commenced pouring over.
The electricians have been adjusting
and connecting the wires with
Crown Mountain plant this week
and it is expected to start the mill
some time next week. The mill
has a capacity of 300 tons every
24 hours but the most ore is trans-
ferred to the mill in a day was 152
tons, thus showing that it can-
not be kept running on full
time with the proper drop of the
stamps unless the ore bins are
moved nearer the mill, yet the ex-
penses are about the same.

Down at the Etowah Gold Min-
ing and Milling Co.'s mine work
continues as usual. Main attention
being given to the Thomas
vein workings. Having completed
the raise from the South drift,
another was started from the north
drift last week, at a distance of 60
feet from the shaft. This raise is
passing through ore of good qual-
ity and will with a few more days
work expose and block out another
body of ore. Meanwhile drift-
ing will continue in both directions.
On Sunday afternoon that
section was visited a heavy
rain which caused all the streams
as well as the Etowah, to swell
to large proportions. No partic-
ular damage resulted except a tem-
porary inconvenience caused by
the swollen streams.

Our sanctum was visited last
Friday by Mr. Craig R. Arnold, of
the Etowah Gold Mining Co., in
this county, who informs us that
he is getting things in readiness
for business at his mine. He has
new gold saving machinery which
he feels confident will fill a long
felt want in this section. It is an
invention of his own, having spent
a good deal of time and money
before he succeeded. Mr. Arnold
says that he can handle the ore at
about two dollars per ton and
sell it for 90 to 95 cents per pound.
He certainly has our best
wishes for success. Mr. Arnold is
also on a trade for the celebrated
Loud mine in White county, be-
longing to Judge Reeves, of Athens,
which he says he expects to
soon own. We are glad to know
that this gentleman is becoming
largely interested in some of the
best mines of Georgia, and we
trust that he will meet with suc-
cess in all his undertakings.

Once again our popular Cane
Creek Falls was visited by a large
crowd recently, who went out in
a moonlight picnic. The time
passed off very pleasantly. Those
present were: Mrs. C. H. Man-
ston, Atlanta; Misses Flora Owens-
by, Waynesville; Noma Anderson,
Atlanta; Mamie Tilson, Maggie
Crisson, Dahlonega; Pauline Wil-
son, Baltimore; W. Lewis Crus-
selle, Atlanta; Mary Moore, Dahlonega;
May Wilson, Baltimore; Grace Tregent,
Elizabeth and Clifford Castleberry,
Dahlonega; F. A. Crawford, Henry
Tregent, Wharton Anderson, Montie
Moore, Howard Stanton, F. P.
Charters, Logan Castleberry,
Rev. Taylor, Dahlonega; Emmitt
Wilson, West Point, N. Y.

In his acceptance speech President
Roosevelt declared that the
wages of the country were never
higher than they are at present.
It is barely possible that the
president has been so busy writing his
speech during the past two weeks
that he has not learned that strikes
have occurred throughout the
country on account of a reduction
of wages. But whether he has or not,
the fact remains and this part of
his speech will fall very flat.—Columbus Sun.

City Tax Assessment 1904.

At a meeting of the city council held
on August 4th the following tax-
es were levied for the support of the
city of Dahlonega, Ga., for the
year 1904, to wit:

To retire school land 1904 and pay
interest on same, 12 cent on each one
hundred dollars assessed.

For the support of the city public
schools for the years 1904 and 1905, 30
cents on each one hundred dollars
assessed.

For marshals salary 1904, 8 cents on
the one hundred dollars assessed.

For the expense of the city for
1904, 7 cents on each one hundred dollars
assessed, making a total of 99 cents
on the one hundred dollars assessed of
property in said city.

Done by order of council, this Au-
gust 1, 1904.

RUFUS H. BAKER, Mayor.

W. J. WORLEY, Clerk.

NOTICE TO CONTRACTORS.

Near Statesboro, Ga., the man-
aged bodies of Henry Hodges, his
wife and three children were found
Friday morning in the ruins of
their country home, being the
work of robbers.

All who are indebted to Hiram D.
Ducket estate, either by note or ac-
count, will please call at Anderson &
Jones' store and settle at once.

B. F. ANDERSON, Adm'r.

NOTICE TO CONTRACTORS.

Georgia Lumpkin County
Office of Ordinary.

Sealed proposals will be received by
the undersigned at the above named
office until 12 m. on Thursday the
11th day of August, 1904, for the
building of a wooden bridge
across the Etowah river, near Freda
post-office, in said county, 72 feet
long, with 20 feet approach, and three
rock piers, one pier on bed rock and
one pier above high water mark. Plans
and specifications for the bridge and
piers may be seen on file in the office
of Ordinary, as aforesaid.

The right to reject any and all bids
is hereby reserved.

This July 11th, 1904.

JOHN HUFF, Ordinary.

The Teachers Institute for Lumpkin
county will be held in Dahlonega, Ga.,
commencing on Monday Aug. 8, 1904,
and continuing for five days.

All teachers who are employed in the
public schools of the above named county
are required to attend said Institute.

The law further requires all
teachers who are holding a license and
who have not previously attended
a teacher's institute to attend Teacher's Institute.

A week will be taken off the school
term of Lumpkin county for the week
the teachers attend said Institute.

In connection with the Institute an
educational rally will be held on Fri-
day Aug. 12th. Addresses will be
delivered and various educational
rallies will be held.

The following persons especially
invited to attend the Institute.

J. J. SEABOLT, C. S. C.

THEM.

Superior

Local News.

Mrs. J. F. Moore has returned from Gainesville.

The N. G. A. College will get \$15,000 this year if the house passes the senate.

Messrs. Tom and John Pitner, of Acworth, Ga., are visitors to Dahlonega this week.

Teachers will see notice in this issue about the teacher's institute to be held in Dahlonega.

For rent—Two farms. One one-horse farm and the other a two-horse farm. B. R. MEADERS.

Those wishing to stand the civil service examination should read notice on our first page and remember the date.

Mr. F. G. Bownall of Cumberland, Maryland, is Mr. Grant's successor, who will proceed with the business of the timber deal of Lumpkin county.

Misses Alice Whelchel and Emma Crenshaw, of New Bridge, Ga., have been here for several days, taking music lessons under Mrs. M. F. Whelchel.

All those anticipating doing any painting are requested by Dr. Jones to go and examine Mr. John Moore's residence. The paint used is sold by the Doctor.

Last week the highest price paid for corn in Dahlonega was 75 cents per bushel. Fodder \$1.85 per hundred and oats \$1.50. This week fodder sold for \$1.50.

On Thursday of last week Miss Manda, a daughter of Mr. Wm. Wacster, of this county, died after a long spell of sickness, aged 40, and was buried at Soul's Chapel the following day.

Fruit jars, extra tops and rubbers, best galvanized wash tubs, best galvanized well buckets ever brought to Dahlonega. Stove pipes and elbows. Call and examine my stock.

M. J. WILLIAMS.

The game of base ball that was to have taken place between the Dahlonega and Porter Springs teams last week, failed to occur. When notified to come by the Dahlonega team the Porter Spring team failed to respond. The Dahlonega team has been challenged by one at Nachoochee, which will accept and a date fixed later on.

Mr. A. B. Crenshaw, of New Bridge, Ga., while in our office last Tuesday, informed us that seven of the power plant poles, belonging to the North Georgia Electric Co., were struck by lightning near his house on Monday during a storm. The fuse was also burnt out at the power plant, but caused a delay of only about ten minutes.

That love letter found on the streets the other day written to a married man was certainly a sweet document. It was mailed to him at the Dahlonega post-office, and after reading so many loving words he fainted with joy and the letter dropped from his hands and was found before he became conscious. This female must use love in moderation, else she will kill the choice of her heart.

The unknown man who was sent to the asylum from this county some time ago, died a short time after he was admitted, without ever talking any. While in prison at Dahlonega, parties came here from other states, thinking that he was wanted for murder, but no one knew him or where he was from. He lived in the woods, of this county, for quite awhile before his arrest.

Some of the people of Gainesville are two selfish to live comfortable. A short time ago some visitors from Florida started to Dahlonega to spend the summer. When they reached that place the strangers were told that the roads were long and rough and they couldn't care for if they came, and the visitors believing this stopped there. The ones who did may make something at it now, but money gained in this way will do them no good.

Mr. Will Griffin and Cris McGuire left yesterday for Kentucky.

Mr. Call Strickland, of Swainsboro, Ga., is up on a visit to his relatives here this week.

Mr. Prator is visiting Gainesville this week, accompanied by his daughter, Miss Nellie.

Last Sunday Mr. Harve Gaddis and Miss Sarah Collins were married in this county by Rev. J. W. Rider.

Mrs. Hubbard Blackwell, once a citizen of Dahlonega, but now of Atlanta, spent last Sunday night in Dahlonega.

Mr. Will Hartman is here shaking hands with his many friends in Dahlonega, being the first time he has been back since leaving Dahlonega.

Mrs. S. Crawley and Mrs. H. I. Weaver, of Roswell, Ga., are spending a few days in Dahlonega for their health, stopping at Hall's Villa.

The other night during services at the Methodist church, a dance was going on just one block away. This looks like mixing the thing too much.

You need not send your job work away from home to have it done. We will do it for you just as nice and cheap as it can be done elsewhere.

Gen. A. J. Werner left for the east last Monday, to be gone some days or more on business of interest, not only to himself, but to every citizen in Lumpkin county.

Dahlonega was in darkness last Monday night on account of the tube bursting by the heavy rain Sunday, but it was repaired and everything all right by Tuesday morning.

Geo. Turner and Mrs. Mary Turner, a relative of his by marriage, were bound over to the Superior court this week for acting naughty. The warrant was issued out by Mrs. Geo. Turner. It occurred in Ninewells district.

During a recent meeting out at Philippi some boys and girls misbehaved very badly, we are told, by laughing and talking during services. If it occurs any more they will be prosecuted by members of the church.

A short time ago a man telephoned Dr. Whelchel to come to see his sick mother, out in Crumby district. The Doctor hastened to the home and when he got there the lady was out fishing. This shows how much that son loved his mother.

Last Sunday many of the citizens residing in the upper part of this county, went down to attend church at New Bethel in Dawson, and the rain that fell that afternoon raised the water courses until many of them couldn't get home until 11 o'clock at night. A number of ladies were along, all thoroughly drenched.

Anderson & Jones have just received a nice line of fall and winter clothing—the nobiest line ever brought to Dahlonega. They have a small lot of spring and summer clothing they are closing out at greatly reduced prices. Also a small lot of ladies and children's hats, at and below cost. Now is the time to get bargains.

Dahlonega has the praise of being one of the neatest, cleanest and healthiest towns in Georgia, not a single case of typhoid fever in the place. Now let us keep it this way. It will not cost us much to do it. Every citizens should take enough pride to keep his premises clean without being forced to do so by the city council. Burn up your trash and old papers and not depend entirely on the scavenger wagon. No longer than last Sunday a visitor who spends the summer in various mountain towns in Georgia and the winters in Florida, told us that we saw no place cleaner than Dahlonega. This should cause us to feel proud. Throw no melon rinds on the streets either and all will be much prouder.

Most of the Dahlonega attorneys attended the Dawsonville Superior court this week.

Mr. Young Abecrombie, of this county, who is charged with riot, made bond last week.

Judge J. C. Brittain was married on Thursday evening of last week to Miss Mary Perry, G. H. McGuire officiating. The groom is 73 years of age and the bride 25.

The mail carrier on the upper line from here to Gainesville is one of the cleverest men we ever saw. Last Sunday before reaching Dahlonega he let two fellows have his team to go in another direction and brought the mail into town on his back, not being quite a half an hour behind.

The school recently opened at Ashley school house under the management of Mr. Ivey, is well patronized. All the patrons seem to like the teacher, and for this reason it will be a prosperous school. The patrons are going to supply the school house with a good size bell.

A recent notice in the Atlanta Journal stated that Mr. Baldwin, who lately purchased the Gainesville & Jefferson railroad, would meet in Savannah this week, organize a company and ask for a charter to extend the road from Gainesville to the Pyrites mines in this county via Dahlonega. All Dahlonega needs is a railroad to make her one of the most prosperous places in Georgia.

On Friday last, Mr. Cade Baker was painfully injured down at the Lockhart mine, believed at first to be serious. He poked his head out at a window and the pump bob, which works up and down, caught his head, mashing both jaws and nose against the window sill. Dr. Jones was summoned, who straightened up his face, but little could be done to hold the nose in position and likely will be a little flat when it gets well.

If the bill becomes a law to tax brandy distilleries \$50 there will be brandy made legally in this county. It will all be blockade, but will taste just the same, and cause a poor man to feel rich.

Since the decrease in the price of cotton goods the poor country editor has a chance of appearing more decent. Instead of wiping his nose on his sleeves he can buy a good sized handkerchief for a nickel.

Parties wishing to cut off the weeds and clean out the cemetery

are requested to leave their sealed bids with W. B. Townsend,

chairman of the street committee,

by the 15th inst. The committee re-

serves the right to reject any and all bids.

Those desiring medical readers inserted in THE NUGGET will please bear in mind that we will not mix them with locals at any price,

for nothing is more unpleasant to

a person than to take up a paper

and find every other paragraph on

the local page a medical reader.

The party near Dahlonega selling wine especially on Sunday is going to get into trouble. When people sell wine it must be made from berries grown on their own lands, then not on Sunday, and when a person is dealing the stuff out who owns no land there is no doubt about him violating the law.

The citizens of Lumpkin county should never forget the untiring efforts Representative Bruce has used in the interest of the N. G. A. College while in the legislature. Not only the citizens of Lumpkin county, but every friend and patron in Georgia who have been reaping the benefits of this noble institution. From the time the act to increase the appropriation came before the committee Mr. Bruce was promptly at his post working for it and continued till it passed the house. Every time any opposition was raised Lumpkins able representative met it with such facts that the opponents words went up in the air.

There is a number of legislators who use to attend the N. G. A. College, who are its friends and rendered valuable aid, causing all interested in it to feel proud of them. Yes, Mr. Bruce was made Lumpkin county a good representative, having secured this institution larger appropriations than any of our former representatives, and deserves a great deal more credit than he is getting.

The Signal failed to appear last week.

We noticed the name of Dr. Hale, Jr., and wife, of St. Louis, on Hall's Villa register last week.

Mr. F. P. Catchings has been up this week putting the electric power of the Gorge plant in working order, transmitting it to the Crown Mountain mine.

The mayor and mayor pro tem have been absent this week at the same time but every body behaved nicely and their official services were not needed.

Although Mr. Wylie Carroll has only been clerking in the Dahlonega post-office but a few weeks, can handle the mail as fast as if he had many years experience.

Since laying by their crops the farmers have had a little spare time to go visiting and take a short rest. No strike takes place among the farmers accounts for their prosperity.

It is a little singular about the peach crop in this county. At many places the trees are breaking down with fruit, and maybe on the adjoining farm not a peach can be found in the orchard.

B. R. Menders & Sons are enlarging and repairing their store room and getting it in good shape. When completed it will be twice as large as heretofore and present a nice appearance.

Col. Jones, after being in this county for several weeks, left for his home in North Carolina first of the week. He was expecting to meet some parties here but sickness prevented their coming.

If the bill becomes a law to tax brandy distilleries \$50 there will be brandy made legally in this county. It will all be blockade, but will taste just the same, and cause a poor man to feel rich.

Since the decrease in the price of cotton goods the poor country editor has a chance of appearing more decent.

Instead of wiping his nose on his sleeves he can buy a good sized handkerchief for a nickel.

Parties wishing to cut off the weeds and clean out the cemetery are requested to leave their sealed bids with W. B. Townsend, chairman of the street committee, by the 15th inst. The committee reserves the right to reject any and all bids.

Those desiring medical readers inserted in THE NUGGET will please bear in mind that we will not mix them with locals at any price, for nothing is more unpleasant to a person than to take up a paper and find every other paragraph on the local page a medical reader.

The party near Dahlonega selling wine especially on Sunday is going to get into trouble. When people sell wine it must be made from berries grown on their own lands, then not on Sunday, and when a person is dealing the stuff out who owns no land there is no doubt about him violating the law.

The citizens of Lumpkin county should never forget the untiring efforts Representative Bruce has used in the interest of the N. G. A. College while in the legislature. Not only the citizens of Lumpkin county, but every friend and patron in Georgia who have been reaping the benefits of this noble institution.

From the time the act to increase the appropriation came before the committee Mr. Bruce was promptly at his post working for it and continued till it passed the house. Every time any opposition was raised Lumpkins able representative met it with such facts that the opponents words went up in the air.

There is a number of legislators who use to attend the N. G. A.

Reese's closing out sale still continues, and if you are in search of bargains now is the time while the opportunity is offered in Dahlonega.

Mr. David Seabolt, of Lumpkin county, who had forfeited his bond in the U. S. court, was rearrested by Marshal Grizzel last Saturday and carried to Atlanta.

Mr. W. G. Campbell, of Dahlonega, had his first mess of sweet potatoes last Sunday. Although he resides in the outskirts of town he raises potatoes to sell every year.

It commenced raining last Sunday here at 3:30 o'clock and continued till night, causing everybody to be happy, being the most that has fallen for months. And it has rained every day since.

Prof. C. W. Davis, who has been absent at Amos, Iowa, since commencement of the N. G. A. College, taking a course in the state college of Iowa, will return to Dahlonega in a few days now, leaving to the 10th inst.

Several parties from Dahlonega went up to Macedonia Sunday, a few miles above Dahlonega, to attend the all-day singing. It is certainly a treat for our town friends to be able to get out in the country and hear good old time singing.

Some of the boys claim that they play ball for exercise. If they will swing an ax while it would make them bold and hearty and be of some benefit. As it is, some of their parents have to either chop their wood or hire it done.

Dr. Jones, of this place, recently bought two fine pigs and put them in his lot at the office. A few days afterward a chicken of his, nearly half grown, took up with them, and since that time it has been sleeping with them every night. When roosting time comes the chicken chirps till the pigs lie down.

A farmer of White county, drove twenty-four miles last week with a load of fodder for the Dahlonega market, thinking it was still worth \$2.50 per hundred. If he had been taking THE NUGGET he would have been posted. Doing without a paper is a big disadvantage sometimes, causing people to lose both time and money.

Pierce Cody, once a citizen of this place and who was reported dead several years ago, is still alive. He is in an almshouse in South Carolina and wrote to Mr. B. R. Meade a few days ago. The old fellow is wanting some information which would assist him in getting a pension for services rendered in the Mexican war.

Mr. W. M. Rice, of Milner, Ga., a brother of Mr. Stephen Rice, of Dahlonega, came up Tuesday to spend a short while in the town of his boyhood days—the loveliest place to a man on earth, if it was not for the sad recollections it brings about of departed friends and relatives.

Mr. Rice was accompanied by Mr. Charlie Moore, of this county, who has been in his employ for several months. Mr. Rice has planted for a 200 bale cotton crop this year.

Our town was visited this week by Rev. A. F. Norton, of Cleveland, Ga., being the first time he has been here in about six years, and we were all glad to see him. Mr. Norton went to the homes of the oldest citizens and spent as much time as he could, doubtless being the last time he will see some of them unless he makes more frequent visits, for he is too growing old.

On Monday, between daylight and sun up, Wm. Anderson, a son of "Smoking" Jim Anderson, went out to feed the mules, and as he was getting fodder a rattlesnake's pilot bit him on the middle finger of the right hand. The application of tobacco and drinking of corn liquor kept it from killing the boy, although his hand was considerably swollen. A few mornings previous one of Mr. Anderson's mules was supposed to have been bitten on the leg by the same snake. It also got well.

The man named Ward, who recently married Mrs. Tessie Owens in Gainesville, seems to be troubled already by some one telling him that his wife's disabilities were not removed at the time her husband was granted a total divorce in Lumpkin county, causing her last husband to write and telephone the clerk of the court and some of the lawyers here about it. If this is the only stumbling block to his married life he can knock it down and go ahead. The jury set her at liberty to marry as soon as she found a man that was willing to stand the storms of life with her.

Mr. D. C. Stow is now located in Gainesville.

Obituaries are published in THE NUGGET at two cents a line.

Dr. Glenn writes parties that he thinks the fall session of the N. G. A. College will open with at least 250 students.

Col. W. P. Price hopes to be able to get a post-office established at the Etowah mine, near Auraria, to be called Etowah, soon.

We regret that Mrs. H. P. Farrow's death is expected at Porter Springs every moment. She was stricken with paralysis on Sunday morning at 3 o'clock.

Those were fine peaches that married lady sent to her friend. He appreciated them so that he ate the peaches and carried some of the seed home to plant.

We are glad to state that Mr. W. H. Jones who was relieved of a large tumor by skillful physicians in Atlanta a few days ago, is getting along very well.

Non residents should examine the dates printed on their NUGGET and renew when the time expires if they want it continued, for we can't notify each one by letter.

A terrapin a little larger than a dollar was found in Mr. M. F. Whelchel's lot this week, having a bottle on the lower part of the body as perfect as if it had been painted by an artist.

Mr. Henry Smith, of White county, was in Dahlonega Tuesday with a lot of nice melons for sale. Mr. Smith has six grown sons, and the father and all the sons take THE NUGGET. The result by reading and keeping posted all are prosperous.

Pierce Cody, once a citizen of this place and who was reported dead several years ago, is still alive. He is in an almshouse in South Carolina and wrote to Mr. B. R. Meade a few days ago. The old fellow is wanting some information which would assist him in getting a pension for services rendered in the Mexican war.

Mr. W. M. Rice, of Milner, Ga., a brother of Mr. Stephen Rice, of Dahlonega, came up Tuesday to spend a short while in the town of his boyhood days—the loveliest place to a man on earth, if it was not for the sad recollections it brings about of departed friends and relatives.

Mr. Rice was accompanied by Mr. Charlie Moore, of this county, who has been in his employ for several months. Mr. Rice has planted for a 200 bale cotton crop this year.

A Man of Unlimited Knowledge.

A Philadelphia paper received a communication which ran as follows:

"Dear Editor: Will you kindly inform me by return mail what number of seeds are contained in a seventy-five-pound pumpkin? I wish to settle an argument?"

A Western parallel to this request lies in an unhappy experience of an editor who one morning received two letters from subscribers. The first, an anxious father, wrote to find out the best way to bring up his twin babies in health and happiness, while the other, a farmer, wanted to know the quickest method of getting rid of grasshoppers.

The editor hesitated; then, out of the fulness of his knowledge, he wrote two letters in reply. But in haste of business he put the letters into the wrong envelopes.

The next morning the father of the twins received this interesting answer.

"Cover them carefully with straw and set fire to it. After jumping in the flames a few moments the little pests will be speedily done for."

All the man who was troubled with the grasshoppers was bidden to "Give castor oil regularly in moderate doses, and rub their gums with a bone."

What Lies These Be.

A Kansas man has a cow that chewed off a rooster's tail and the next day when he milked her she gave a gallon of the finest kind of cocktail. We had a cow ourselves once who swallowed an almanac and gave creamed dates, says an exchange. But that's nothing. The writer once owned a cow that absorbed several streaks of lightning during a thunder storm and in the evening gave a pair of currents.—Armour (S.D.) Herald.

That's nothing. We owned a cow once that ate a small block of ice, and next day gave two gallons of ice cream. We also owned an Indian game hen. This hen ate a lot of saw dust one day and afterwards laid a setting of eggs. When those eggs hatched the chicks were found to have wooden legs. Next! Hartford Journal.

We once owned a better hen than that. She would drink hot water and would afterwards lay hard boiled eggs. Do you pass? Headland Post.

That's nothing. We have a cow now that we are feeding on sorghum and she gives two gallons of syrup every day, and this, when churned, makes two pounds of fine granulated sugar. —Columbus Beeze.

Lumpkin County Jury List.
The following is the Jury as revised by the Commissioners August 1, 1904:

AURARIA DISTRICT.

Anderson, Milt.
Arrendale, Augustus.

Grand Jurors marked thus *

(To be continued.)

Forty years ago, the Dalton Citizen, an immense army invaded the South, completely devastating it, and but for its enormously resourceful ability and God given diversity of soul it would have been annihilated beyond resurrection. Now another army, equally as large, armed with capital, experience and energy is quietly, steadily, marching this way, locking arms in peaceful ranks with the remnant of the "lost cause"—making glad the waste places and building up a section that will be the beauty and the glory and the admiration of ages to come. Thank God for the change!

Customer—"Why doesn't that spinster, Miss Brown, deal at your store any more?" Draper—"One of my clerks insulted her." Customer—"How?" Draper—"She overheard her telling some one that she was our oldest customer." —Glasgow Evening Times.

THE NUGGET.

DAHLONEGA, AUGUST 12, 1904.
Entered at the Dahlonega, Ga., P. O.
as Second Class Matter.
Official Organ of both City and
County.

A St. Louis man has already made \$300,000 on his race track. The senate cut the common school appropriator down to \$900,000.

A thief stole Judge S. H. Landrum's false teeth in Atlanta the other night.

T. P. Hill of Atlanta, was fined \$25 last week for selling impure milk in that city.

The continuous rains in Southwestern Georgia are causing alarm among the cotton raisers.

Gov. Terrell was last week presented with a fiddle, made by J. W. Phillips, a convict in the Georgia penitentiary.

President Roosevelt has appointed a negro woman named Mitchell to take charge of the mail near Friar's Point, Miss.

Carrie Nation is going to Europe, and an exchange remarks that she wants to get a European black eye to match the one she got in Kenya.

P. L. Hutchins, col., pastor of a church in Columbus, Ga., was fined \$15 by the recorder of that city last week for walking with a negro woman dressed in men's clothing.

It was believed for awhile that Dawson county would go for Mr. Ashley, but those who attended court there last week say there will have to be a considerable change if it does.

At Commerce, Ga., last week Rev. J. W. Woodward stepped from a pulpit into the hands of an officer, being charged with having a living wife at Kings Mountain, N.C., and one in Georgia.

At a meeting of the democrats of Dawson county last week, they decided to pull the latter off and let everybody run for a county office that wants to. By this act they will be sure to have some republican officials down there.

The legislature has adjourned and the Hill Hall, who have all heard of from one end of the globe to the other, has gone home, and we will get a little rest for awhile. His oratorical powers have cost Georgia a large sum of money with no good results either.

We noticed that several games of base ball in Georgia had to be postponed on account of the rains last week. Had each member of these teams been working in the cotton or corn patch while engaged in practicing for these games, all their time would not have been lost.

It was reported here that Mr. Shultz, the nominee of the democratic party of Lumpkin county for representative, was down in Dawson County some weeks ago, working for one of her independents. We understand that this a mistake, and he said nothing in behalf of any candidate.

At the organization of the Gainesville Midland Railroad Co. in Gainesville last week, Geo. J. Baldwin was elected president; T. M. Cunningham, Jr., Secretary. Directors: Goo. J. Baldwin, W. W. Mackall, Joseph Hull, Herman Myers, Allen Bond, T. M. Cunningham, Jr., all of Savannah; Capital stock, \$250,000.

We hear it whispered that the republicans will meet in Dahlonega tomorrow, and in a "secret meeting," put out a full list of candidates for county offices. In fact, two republicans were overheard to say so, and that Mr. Asberry, an old gentleman residing in Dahlonega, will take the stump and make a speech or more in every district in the county. The field is free and they have a perfect right to do so if they desire. If they do this, politicos will be lively in old Lumpkin once more.

The Campaign in the Ninth.

The candidacy of Mr. Ashley in the 9th may create a little interest after all; although there is not the least chance for his election, but the democrats will not be found asleep at any time, and will work just the same as if this gentleman was a resident of the district and had lived here all his life. It's true they produced a document from the district attorney in the recent republican convention in Dahlonega, saying that Mr. Ashley was eligible, but the attorney had not been present with the facts.

Mr. Ashley was located in Lumpkin county, built a dwelling and lived here quite awhile before going to Dawson, but he never paid a single poll tax in Lumpkin county, and didn't in Dawson until he decided to make the race for congress. The records show this.

But in May, 1904, when his mind was made up to take the political field he went to Dawsonville, registered and paid back poll taxes for 1902 and 1903. His name appears on both digests there in the "take ins."

The first year in the hand write of the ordinary of that county and the latter year his name was written by Mr. Taylor, clerk of the superior court of the same county.

But Mr. Ashley's name does not appear on either of the digests of 1902-3, nor on the digest of July last, and the question is,

where has the money gone to make it paid, and what right has the clerk of the court of that county to take and collect taxes? It's true that Mr. Ashley has tax receipts now for 1902 and 3, but where did he get for a long time?

At the shaft on the Standard property, near the Singleton mill, the water was pumped out first of the week and the machines are now in operation and this shaft will be sunk to a great depth. One of Lumpkin's most experienced miners after going down and looking around the other day, remarked to me that Mr. Freeman was arranging things now so as to make money.

It was expected that the Crown Mountain plant would resume work this week but a mistake having been made up at the Gorge in arranging the foundation of the plant caused a delay, but everything will be ready by next week.

One of the pulleys liked some three inches being opposite another carrying the same belt was the cause. It was impossible for them to move the pulley on the shaft up there, which necessitated its removal to Gainesville. It was fixed and ready to be returned by Wednesday afternoon. The other part of the machinery worked like a charm. Some water has already been pumped into the reservoir.

The truth is, Mr. Ashley would have registered and paid these two dollars had he not been a candidate. But all these things will be aired at the proper time, not because the democrats have any fear of the gentleman's election, but just to show how crooked things look.

The "Gainesville Midland Railroad Co." through its attorney, Col. H. F. Dean, of Gainesville, has applied to the secretary of the state for a charter. In addition to other rights and privileges the petition asks to be allowed to distribute and dispose of stock, issue bonds, etc. Petitioners also desire the right to extend the road from Jefferson to Athens; from Monroe to Covington from Gainesville, Dahlonega, or any other point they may select in Lumpkin county; from Gainesville through Lumpkin, Dawson, and Pickens counties to Tate, or any other point they may select in Pickens county between Monroe; or from some point between Monroe and Winder, to some point on the Central Railroad between Madison and Athens; and to build such other branch roads and spur tracks as they may desire. The capital stock shall be \$250,000, divided into shares of \$100 each.

The city council recently adopted a new ordinance which forbids the leaving of horses, hitched to vehicles, on the streets without being tied, and imposes a fine of one dollar for the carelessness. Mayor McLain drove his horse up on the streets Tuesday afternoon and left him standing, unattended, and walked in the store of Durham Bros. The marshal proceeded to take charge of the horse and then the boy had a good laugh on the mayor, who was one of the first to get "pulled" under the new ordinance. But he paid his dollar.

A bill recently passed the house for the appointment of county tax assessors, and passed the senate with two amendments. If the house concurred with the senate before the legislature adjourned yesterday there will be no tax receivers hereafter.

A bill recently passed the house for the appointment of county tax assessors, and passed the senate with two amendments. If the house concurred with the senate before the legislature adjourned yesterday there will be no tax receivers hereafter.

Mining Notes.

Plenty of water since the rains, causing all our miners to look very pleasant.

Mr. E. E. Crismon is having a five stamp mill erected to work his mine near his residence out in the country.

Twenty stamps of the Hand mill have been running on full time since the rains, and the results are very satisfactory, so much so that Mr. Bainbridge informs us that operations will continue at this mine.

Work is progressing very nicely at the Jumbo. The mill house is completed and the work of building two ore bins and laying track is going on. And tunnels and drifts are being cut to expose the large bodies of sand veins.

For some time workmen have been engaged in repairing the mill at the Lockhart mine. This is about completed now and an once more crushing the ore from this most excellent mine with splendid results. One hundred tons are already out now and plenty more in sight to keep it going for a long time.

At the shaft on the Standard property, near the Singleton mill, the water was pumped out first of the week and the machines are now in operation and this shaft will be sunk to a great depth. One of Lumpkin's most experienced miners after going down and looking around the other day, remarked to me that Mr. Freeman was arranging things now so as to make money.

It was expected that the Crown Mountain plant would resume work this week but a mistake having been made up at the Gorge in arranging the foundation of the plant caused a delay, but everything will be ready by next week.

One of the pulleys liked some three inches being opposite another carrying the same belt was the cause. It was impossible for them to move the pulley on the shaft up there, which necessitated its removal to Gainesville. It was fixed and ready to be returned by Wednesday afternoon. The other part of the machinery worked like a charm. Some water has already been pumped into the reservoir.

Resolutions of Respect.

CASTLE HALL, K. or P.
DAHLONEGA, Ga., Aug. 8, 1904.
We, the undersigned committee on resolutions, beg to submit the following:

That, whereas, the Supreme Ruler of the universe hath in His almighty providence removed, by the cold steel hand of death, Mrs. B. R. Meaders from our midst; it is resolved, 1st. That the Knights of Pythias of Gold City Lodge extend their sincere sympathies to their esteemed brothers, F. M. Meaders and R. H. Baker. 2nd. That we further sympathize with the grief stricken relatives in their sad hour of bereavement, and trust that they will be consoled by the fact that their loss is her eternal gain.

3rd. That these resolutions be entered upon the minutes of the Lodge; that they may be published in the local papers and that a copy be furnished to the relatives of the deceased.

R. M. BRYSON,
W. E. RICKETS,
F. G. JONES,
Committee.

Card of Thanks.

The family of Mrs. B. R. Meaders, whom an all wise Providence has taken from, wish to express their sincerest gratitude and appreciation to the good people in and around Dahlonega for the many kindnesses shown during her illness; and for the many expressions of sympathy since her death. They will ever be remembered by each of us, and we would ask you to let us in this feeble way try to express to all our heartfelt thanks.

Respectfully,
B. R. MEADERS & FAMILY.

Lowned down in Georgia the crops have been greatly damaged by the recent rains.

Death of Mrs. B. R. Meaders.

The silent reaper has invaded our city and removed from our midst one of Dahlonega's most prominent citizens, Mrs. B. R. Meaders, which occurred at 2 o'clock last Monday morning, throwing a gloom of sorrow over the entire community. Her death was not unexpected, as she had been suffering from a dreadful cancer for a long time. Mrs. Meaders has been a citizen of Dahlonega for more than 40 years. She was a daughter of Mr. John Mayes, deceased. Had been a member of the Methodist church since her girlhood, was very charitable and kind to the poor. Mrs. Meaders was not one who waited to be called on first, but enquired and searched for the needy and distressed as long as she was able to go. Yes, we will all miss her. The church, and different societies to which she belonged, as well has the Sunday school scholars. We deeply sympathize with the husband in the loss of his kind affectionate wife who has shared his pleasures and troubles so long. She was 61 years of age last February. The remains of the deceased were buried in Mt. Hope Cemetery at this place last Tuesday afternoon, in the presence of a large concourse of people. Rev. J. D. Turner conducted the funeral services.

A crowded train plunged into an underrun trestle in Colorado the other night and 100 lives were lost.

Georgia, Lumpkin County.
WHEREAS A. W. Meaders, Executor of the estate of H. C. Duckett, deceased, having in due form of law made application to the Court for the setting apart to her, and her minor children, his minor children, his estate of said deceased, and apparently having been appointed and having filed their return to me, I will pass on said administration on the 1st Monday in September next.

Witness my hand and official signature, this 1st day of August, 1904.

JOHN HUFF, Ordinary.

Georgia, Lumpkin County.

To Edin Quimby, Emily J. Quimby, Maria Louise Quimby, Louis Quimby, and Ida Quimby Collins; Sarah E. Fowler having applied, as execatrix and heir at law, to the Court of Ordinary of Lumpkin County for probate of the Last Will and Testament of David Sands Quimby, deceased, and for the appointment of a resident administrator with the Will annexed upon the estate of Georgia. You, heirs at law of said David Sands Quimby, are hereby notified and required to be present at the Court of Ordinary for service of process on the 1st Monday in September, next, when said application will be heard.

JOHN HUFF, Ordinary.

Georgia, Lumpkin County.

To all whom it may concern: B. F. Anderson, County Administrator, having in proper form applied to me for Permanent Letters of Administration on the estate of Hiram C. Duckett, late of said County, to cite all and singular the creditors and next of kin of Hiram C. Duckett to be and appear at my office within the time allowed by law, and show cause, if any they can, why permanent administration should not be granted to B. F. Anderson, county administrator on Hiram C. Duckett's estate.

Witness my hand and official signature, this 1st day of August, 1904.

JOHN HUFF, Ordinary.

Georgia, Lumpkin County.

To all whom it may concern: B. F. Anderson, County Administrator, having in proper form applied to me for Permanent Letters of Administration on the estate of D. R. Fraley, that late of Dahlonega, Georgia, to cite all and singular the creditors and next of kin of D. R. Fraley to be and appear at my office within the time allowed by law, and show cause, if any they can, why permanent administration should not be granted to B. F. Anderson, County Administrator on the estate of said deceased as aforesaid.

Witness my hand and official signature, this 1st day of August, 1904.

JOHN HUFF, Ordinary.

Georgia, Lumpkin County.

To all whom it may concern: Mattie M. Lee, widow of W. Henry Lee, late of Dahlonega, deceased, having in due form of law made application to the undersigned for the setting apart to her, and her minor children, his minor children, his estate of said deceased, and apparently having been appointed and having filed their return to me, I will pass on said administration on the 1st Monday in September next.

Witness my hand and official signature, this 1st day of August, 1904.

JOHN HUFF, Ordinary.

ANNOUNCEMENTS.

We are authorized to announce the following names, being the nominees of the democratic party:

For Clerk Superior Court,
D. L. Cook.

For Tax Receiver,
J. M. Calhoun.

For Tax Collector,
E. J. Walden.

For Ordinary,
G. G. Evans.

For Sheriff,
J. M. Davis.

For Treasurer,
J. A. Hollifield.

All who are interested in Hiram C. Duckett estate, either by note or account, will please call at Anderson & Jones' store and settle at once.

B. F. ANDERSON, Adm'r.

Superior

Local News.

You will see a lot of legal sales in this issue.

Mr. Will Weaver came home from Alabama last week.

The NUGGET never has any excuses to render. It always comes out on time and if there is any news to be had you get it.

Mrs. Turner, who we mentioned as being lodged in jail here last week, soon afterwards made bond to answer to the roll call at next term of Lumpkin Superior court.

Mr. and Mrs. Will McDonald, of Bessemer, Ala., are on a visit to relatives in this county. Mr. McDonald has been in that state about three years and made and saved quite a lot of money.

The NUGGET never fails to reach the Dahlonega post-office in due time and if you fail to receive it promptly it is not our fault, but if you do, let us know and we will have the matter investigated.

Mr. J. F. Griffin, who has been in the employ of the Consolidated Co. for several years, left for another clime last week. The electric plant is now in new hands, Messrs. David Pruitt and Jesse Adams.

It is a violation of the law to seine and kill turkeys at this season of the year, but still they do it in Lumpkin county frequently. It is nothing unusual so see a man out turkey hunting in the eastern portion of the county, and his name is in the grand jury box. How can it be expected for the laws of the country to be enforced when men like this, who ought to see that they are carried out, violating them, themselves?

Mr. Duncan, formerly of Union county but now of Atlanta, passed through Dahlonega last week to see his aged father who he left 21 years ago, being the first time he has been back to his native county since leaving for Washington Territory. Mr. Duncan was accompanied by his wife who he married since leaving this country. After living in Washington for more than 19 years he became dissatisfied and preferring the old red hills of Georgia, moved back and began farming near Atlanta.

Last week Jim White, of this county, was arrested, tried and acquitted of a charge of illicit distilling. Some time ago a still was found near Whites by Marshal Grizzle and a path leading from it to his residence. This caused his arrest. At the trial he swore that the still was not his and had nothing to do with it, giving the name of the party who did, saying that the operator boarded at his house while working in the distillery, who he said he told at the time if it caused him any trouble he would tell all about it. This was satisfactory to the owner and things went on smoothly till a reporter while out "squirrel hunting" espied the concern and was not long in giving ten dollars worth of information to the government officials according to law.

But few people who visit the Gorge dam know that there was a man murdered near that place many years ago. In fact there are very few living in the county now that were here then, really we do not know of but one and he is an old negro who has lived several years over his three score and ten. At that time a good deal of mining was going on in the branches of that locality and all over the country, and from what this old negro says two miners named Hazleup and England had a falling out about a woman, which caused the latter to get behind a big rock afterwards close to the path traveled by Hazleup and as he appeared England stepped from behind his hiding place and threw a stone, hitting the man on the head. The wounded man succeeded in getting to his boarding house before England did, and as soon as the woman told him that Hazleup would die England stepped out of the house and was never seen or heard of any more.

Miss Maggie Crisson has gone to Hartwell, Ga., on a short visit.

Mrs. Laprade, of Atlanta, is now on a visit to relatives in this county.

Mr. Carter, the president of The Bank of Dahlonega, has returned to his home.

But a few more weeks now till the doors of the N. G. A. College will be thrown open to the boys and girls of Georgia.

If you are running a hotel or boarding house here, put an ad in THE NUGGET. Then it cannot be said by persons of other towns and cities that we can't accommodate boarders here.

While Mr. J. B. Witt was at Dahlonega last week, visiting his wife, he received a message that Mr. McCay, a very prominent citizen of McCays Tenn., was dead, and he returned to that state.

After being absent about eight years in Kansas City, Missouri, Mr. J. E. Worley has returned to see his parents and other relatives and friends in Dahlonega. Mr. Worley, since leaving here, has married and his wife accompanies him on the trip. Mr. Worley gave us a pleasant call last Monday.

Last week Mrs. Henry McNeal, who is growing very old, deeded her lot of land, not far from Dahlonega, to Mr. B. R. Meaders, who has been caring for and is to continue the rest of her life. The house this lone woman has occupied for years is built on a gold mine, the vein having been discovered in her lot several years ago. The mineral of this property belongs to the Boyd estate.

The road workers of the county have been engaged since laying by, in putting the public highways in a passable condition. There is a rule against every commissioner of the county to show cause at the next term of the court why the roads have not been worked, and this is causing them to get a move on them. Heretofore the roads have been worked only twice a year—just before court convenes, and unless the law is changed it will be kept up.

Several years ago before Prof. Boyd left Dahlonega for Young Harris, he opened up some gold veins on the Boyd estate, a few miles of Dahlonega. One vein was very rich, worth about six or seven dollars per bushel. The other day he carried a man over to open this vein, when lo and behold some one had been there and worked as deep as they could without being discovered. Not only this, but all the other veins had been gouged, and the Professors anticipations of getting much of the yellow metal in a few days, were soon over.

Our market has been supplied with abundance of melons and peaches and apples for a couple of weeks. Good fruit has been bringing a fair price, but the sorry is worth nothing. Frank Lowery brought a lot of Elberta peaches here the other day and got 80 cents a peck for them, and even requested that the kernels be returned to him, while another man with a lot about the size of hickory nuts could not sell them at any price, and gave them to Mr. John Moore to feed to his hogs. We merely mention this to show that it will pay farmers to always set out the best trees.

"Darling! Darling! Darling! Did you get there all right?" These were some of the words received by the young lady operator at the Central office in Gainesville, last Wednesday. The operator was very much astounded for every time she enquired who it was and what it meant the reply was "darling." Being unable to get anything but darling she phoned operator Meaders at Dahlonega to please talk to that crazy man down there. He did so and soon ascertained that it was a partially deaf gentleman who thought the proper connections had been made and that he was talking to his wife who had arrived in Dahlonega the day before.

If you want a comfortable ride to or from Gainesville, get on Moore Bro's hack line and you will be put through without delay. On Saturday last Mrs. Hattie Hill, Misses May Hill and Susie Hill, all of Atlanta, arrived in Dahlonega and stopped at Hall's Villa for the purpose of remaining a couple of weeks.

We stated last week that there was not a single case of typhoid fever in Dahlonega, but since, we learn that there is one, Miss Marie Gaillard, who has been teaching out at Ellijay.

Mr. W. H. Jones, who went to Atlanta to have his wife treated for tumor some weeks ago, returned on Tuesday. Mrs. Jones is getting along all right and will be home in two or three weeks.

The fall trade is approaching. Prepare to get some of it by extending customers an invitation through the columns of THE NUGGET. Many people won't go to a place where they are not invited.

Isaac Rucker is one of the most prosperous negroes in Lumpkin county. Why? Because he lives up to the rules of his church, is industrious and takes and pays for his country paper promptly.

Our city was visited last week by Mr. and Mrs. W. J. Julian, of Forsyth county; Mrs. J. T. Bruce and children, of Stephensville, Mont., and Mrs. Ora McCutchen, of Tifton, Arizona. They were the guests of Col. and Mrs. T. J. Lilly.

Mr. A. G. Kennedy, one of White county's most prosperous farmers, has purchased the Ben Moore house in Dahlonega and in a short while he and his wife will become permanent citizens of this town. The people of Dahlonega extend to these two good old people a most hearty welcome.

The thieves are not all dead yet. The other day Mrs. J. H. Bousley went out and got a sack of salad to cook for the hogs, and when within a short distance of home put the sack down, and by the time her back was turned, a fellow grabbed up the bag and was soon out of sight. She knows who it is and if he does not return the sack it may turn out to be a very dear to him.

We venture the assertion that paper in Georgia has a better lot of paying subscribers than THE NUGGET. It is a rare thing for us to lose anything on subscription. They seem to appreciate the kind of a paper we are getting out, and are nearly always ready with the dollar by the time their subscription expires to renew as soon as they are reminded of the fact, if not before.

We noticed a little boy walking down the streets the other day puffing a cigarette, who had only shed his dress a few months. It's a pity for this little fellow's health to be ruined by these cursed things, but it can't be prevented, as his father smokes them and the boy thinks whatever his father does is all right. Nearly every boy in town smokes cigarettes, although it is a violation of law for a person to either sell, give away or place them where they can be reached by either boy or man. Now where do these children get them?

The schedule and homestead law, when first passed, were said to be for the protection of the widow and orphans, but it is a mistake. They generally protect some man who gets what he can on a credit and spends his money for liquor, leaving his creditors in the "suds." Only a few days ago this schedule law was resorted to by a person in Dahlonega, and after having secured everything he could on a credit, left for another clime. And now if he is sued by those knowing nothing about his act, they will get nothing, besides having to pay out a lot of money for cost. The law should be repealed or amended so as to require the names of those taking the benefit of such laws to be published at the court house and in the local papers.

Mr. J. M. Brooksher is confined to his bed with sickness.

Maj. Tillson, after a few weeks absence in New York and other cities, returned last Tuesday.

Remember if you want to do the cemetery work here, you must send in your bids by the 15th inst.

City Marshal Walker has proved to be the best collector of any marshal Dahlonega has ever had.

The report of the Bank of Dahlonega this week shows it to be in a prosperous condition. Where is that Gainesville man now who said a few years ago that a bank would not pay in Dahlonega?

Mr. Martin Duckett, of Porter Springs, showed us an old pocket knife last week which was purchased by his grandfather, Mr. Hiriam C. Duckett, on his way home from California in 1851.

The late rains have added many hundred bushels of corn to the present crop in this county, and the increase in bales of cotton will run up to large figures. There never has been a better crop prospect in this county before.

Messrs. H. B. Crawford and D. Gurley, after spending a few days over at Blue Ridge, returned last week. Mr. Crawford usually takes a longer vacation at this season, but he wants to visit the World's Fair later on when the weather gets more pleasant.

Solicitor-General Charters says the Superior courts of this circuit have been unusually short this term for the lack of business. Not a single murder case has been tried in the eight counties. This shows that the people are becoming more law abiding, and where you find law abiding people you will see a prosperous country.

A good deal of complaint comes to us from patrons of Dawson county, stating that they do not get their NUGGET the same week of publication.

Mr. Lilly at Laurel, is

the last one notifying us.

He lives right on the rural route which leaves Dawsonville Saturday and should get his paper the same day. At Auraria all the Dawson county mail should be transferred to the Dawsonville mail sacks. Then it would reach place and be sent out in different parts of the county the next day. THE NUGGET is sent out promptly every Friday morning and there is no excuse for this delay.

In a trunk at the court house, which belonged to Hiriam C. Duckett, late of this county, deceased, are many old papers and other things of much interest. Among these papers is a receipt for ten bushels of corn donated to the confederacy Oct. 30, 1864, received by T. M. Candler. A tax receipt, containing only two written lines with no county mentioned, is also in the trunk, for \$13 cents given to Mr. Duckett by A. J. Taylor. Also a receipt for gold deposited in the Dahlonega mint 31st Jan., 1854, amounting to \$738.50. A coin purse, a little jar which he kept his gold in, and various other things are found. The trunk and its contents will be sold by the administrator later on.

We begin the publication on our first page this week, the list of jurors as drawn by the commissioners last week, which will be continued from week to week until it is completed. All county and revenue officials are left out, together with professors of the N. G. A. College and a number of very old men. This will be a considerable saving to the county, for when the professors and others who do not want to serve and are not compelled to do so, they receive \$1.50 for their appearance in court and rendering an excuse. Then there may be others that are left out of the box this time, who have been acting in such a manner as to cause the commissioners to believe that they would not make suitable jurors. So, if this is the case, don't blame any one except yourselves. The revisors go by the law digest, as the law directs, and citizens whose names do not appear on it can't expect to be in the jury box either.

The schedule and homestead law, when first passed, were said to be for the protection of the widow and orphans, but it is a mistake. They generally protect some man who gets what he can on a credit and spends his money for liquor, leaving his creditors in the "suds."

Only a few days ago this schedule law was resorted to by a person in Dahlonega, and after having secured everything he could on a credit, left for another clime. And now if he is sued by those

Mr. M. Chester and his son Harry, have been home on a visit this week.

Send 25 cents for a large beautiful photograph of Dahlonega at this office.

Miss Woodall, an old lady residing down at New Bridge, died last Sunday.

On Monday the upper mail, on the Gainesville line, was water bound for more than an hour.

In the absence of Dr. Glenn, who was chosen to conduct the institute here this week, Prof. Gaillard is filling the place.

Mr. Will Rice, who was inter-nally injured down at the Consolida-tion some days ago, is unable to do any work yet.

Mr. A. W. Meaders, of Watkinsville, Ga., was here this week, accompanied by his brother-in-law, Mr. J. P. Brown, of Mid River.

The act appropriating \$15,000 to the N. G. A. College has passed both houses of the legislature, causing all of its friends and patrons to rejoice.

Quite likely parties living in Dahlonega, having relatives buried in Mt. Hope Cemetery, prefer cleaning off their lots themselves. If they do, now is the time.

Our town has many school teachers here this week attending the teacher's institute. These teachers have heretofore been poorly paid, but we hope they will soon receive more money for their services.

There is to be a big educational rally in Dahlonega today. Addresses will be delivered by Judge W. W. Murray, Tennessee; Dr. Hunnicutt, editor of the Southern Cultivator, and Col. W. P. Price, Everybody invited.

Mr. J. M. McDonald, residing near Dahlonega, has just returned from a ten-days trip from Murphy, N. C., where a family reunion was held. He saw one of his brothers from the West who he had not met before in 40 years.

The remains of Mr. Jess Turner, who died in Atlanta last Sunday, were interred in the Patton Cemetery, up in Chestatee district, last Monday. The deceased once resided in Dahlonega, and has many friends here who will regret to hear of his death.

The rain fall of Sunday and Sunday night was a little over three inches, being the biggest rain we have had in this section in a long time. The streams got out of banks but no damage occurred except the loss of a few melons by some of our farmers.

The city council will have to make arrangements for the cemetery to be enlarged, or a new place selected, as all the ground in the present one is taken up except lots that are so rocky that the graves have to be blasted. They had to work on the last grave dug there both day and night, in order to get it ready in time.

It is said that one of the members of the church who took such a big interest with the preacher in the recent rain meeting, is now engaged in selling wine on Sunday. This he had better stop if he expects to have any influence with the Great Ruler, for hypocrites and newspaper borrowers are despised.

Last Sunday when Marshal Walker went to arrest Charlie Rice for molesting little George Adams in an angry manner, he brought his club into use. Charlie promised to appear before the mayor when wanted, but next morning he left out for Coal Creek, Tenn., via Ellijay, Ga. That afternoon the marshal swore out a warrant for Charlie, charging him with assault, and phoned the marshal at Ellijay to arrest the defendant when he arrived. Later Mayor Baker allowed the father to file a plea of guilty for his son, and placed a fine of a dollar and cost on him. The warrant was withdrawn, the telegram canceled and the fine and all cost amounting to \$7.60 was paid and Charlie went on into Tennessee undisturbed.

Marshal Walker received a message Wednesday from Ellijay to arrest Will Trammell, col., who had left for Dahlonega on Tuesday, charged with stealing a \$4 pair of shoes at the hotel, a pair of pants besides \$5 from a cook. The officer did not find him with nothing that filled the description except a pair of shoes. The negro is in jail awaiting the arrival of an officer.

Mr. Geo. Jenkins came from Alabama this week.

It rains, it rains, it rains. And turnip seed grow, grow, grow.

Mrs. Fannie Hatfield is up from Monticello on a visit to her parents.

Mr. J. A. Howard, after several weeks absence in Atlanta, returned this week.

Mrs. E. S. Copeland, of Gainesville, is up on a visit accompanied by her daughter.

Mrs. Mary Loveless leaves for Coal Creek, Tenn., today, where she goes to join her husband.

Vada Prewitt, of this county, charged with illicit distilling, made a forthcoming bond this week.

Up to this writing there are only four tent holders at the Dahlonega camp ground and a very small attendance.

We are glad to state that Mrs. H. P. Farrow is better and there are some hopes for her recovery at thus writing.

We have been printing some nice letter heads and envelopes for some of the school teachers this week. If others want any let them drop in with their orders.

Bring your wife and let her spend the rest of the summer in Dahlonega. The weather is pleasant and you won't have to sit by and fan till she can go to sleep, like you do in hotter climates.

John Beasley, of Lumpkin county, who was serving out a twenty years sentence for killing two men, made his escape from a brick yard near Atlanta this week. A reward of \$50 is offered for his arrest.

A certain mountain mail carrier went courting in Dahlonega the other day and the young ladies had him dance until he was almost out of breath. He likes those young ladies and would willingly commit suicide by dancing if it is their wish.

Mr. V. R. Hicks, proprietor of the Blue Ridge Bottling Works, in renewing his subscription to THE NUGGET, adds the following interesting and encouraging lines: "Success to Dahlonega, the dear old N. G. A. College, and by all means to THE NUGGET."

We understand that "Shotgun" Walker was appointed road overseer the other day up in Yahoolo, contrary to his wishes. Not being furnished with list of hands he went out and summoned commissioners and every one that he could find between the age of 16 and 50.

Marshal Grizzle went up into Chestatee district last Tuesday and arrested three men running an illicit distillery, to wit: Ben Ravan, Jim Ravan and West Ravan. All were brought to town and bound over by Com. Baker. Collector Richardson, accompanied the marshal.

For a short while W. P. Price, Jr., will sell you men's shoes at prices never before heard of. Go while the opportunity is offered. Here are some of the figures: \$8.25 shoe for \$2.60, \$8.00 shoe for \$2.40, \$2.25 shoe for \$1.80, \$1.50 shoe for \$1.15, and broken lots at your own price. Call at once before the goods are picked over.

Marshal Walker received a message Wednesday from Ellijay to arrest Will Trammell, col., who had left for Dahlonega on Tuesday, charged with stealing a \$4 pair of shoes at the hotel, a pair of pants besides \$5 from a cook. The officer did not find him with nothing that filled the description except a pair of shoes. The negro is in jail awaiting the arrival of an officer.

Mr. H. B. Tregent, former lessor of the Barlow mine, served an injunction upon the owners of the mine last Wednesday, which is set for a hearing at Clarksville on the 5th of September, W. S. Huff representing the plaintiff. The allegations are that after putting in machinery and repairing the mill the company took it away from Mr. Tregent without giving him any notice.

Actress Sues.

Life Without Any Waste.

Miss Fay Templeton has brought suit against the Onarga Cigarette Company, manufacturers of the Rivoli cigarette, asking \$10,000 damages for alleged unwarranted use of a photograph of Miss Templeton in an advertisement of their wares.

"I want to stop them from making free with our pictures," said Miss Templeton, using the "our" to exhibit her belief that her action would also protect other members of the theatrical profession. "I am not a poser nor a stickler for high and mighty notions. If any one wants to smoke, let him smoke. But these men took a photograph of me in costume" for "The Runaway," and without even asking my permission had an artist put a cigarette in the fingers and a little curl of smoke from the lips. It was not even courteous, and it offended the friends I am trying hardest to make and keep."

Troy Holder, of Stewart county, is said to be making more than a bale of cotton to the acre on land fertilized with sawdust. He took a big lot of sawdust, let it lay in his stable a couple of weeks, and then distributed it over a 20-acre cotton field. The old farmers of the county predicted failure, but the experiment was a great success.

To Make a Cheap Telephone

Seeing a query some time since as to the best method of making a cheap telephone, and no answer as yet, I will give mine. I have used it for years on a line-one-half mile long and see no reason why it will not work on longer lines. Talks very loud and distinct. Take a piece of lumber, pine or any kind handy, eight by eight inches square and two inches thick, or one and three-quarters inches thick. Make a round hole about one and one-half inches in diameter in center clear through. Reach this out on front and make it funnel shape to about three inches at front. Then turn the board over, lay off a square about four inches around the auger hole. Take chisel and dig out all the square, at least one-eighth of an inch deep. Then take a piece of thin tin, eight by eight inches, and tack on to back of the block right over the excavated square. Punch a small hole in center of tin, hole size of small knitting needle. Next take board eight by eight inches and one inch thick. Lay off and excavate the four inch square one side of it same as you did the two-inch piece. Bore one-fourth, or three-eighths inch hole in center and then screw on so the square comes over square on first block with the tin—diaphragm—between the dug-out squares. For line use small insulated wire, hanging it in cotton or leather loops, avoiding short turns or sharp angles. Run wire through pin hole in the tin, take a common brass thimble, punch two holes in end, bring wire through open and on through one hole, then back through the other, twisting loose end around main wire. Pull wire till the thimble comes up tight against tin. Stretch wire tight, and you have a good 'phone. To call up, tap on thimble, and it can be heard all over house at other end. You can carry on conversation without getting nearer than ten feet to 'phone. Try above and if you have any trouble write to J. W. George, Albany, Texas.—Globe-Democrat.

He Was a Real Farmer.

"Oh, yes," a man in the lobby was overheard to say. "I'm a real farmer now. My farm only costs me about \$75 per month now, so you see I'm getting along." Then the man was heard to comment upon farm labor.

"It's all right to talk about the poetry of farm life," he said, "but if farm life is poetry I want the prosiest sort of prose in mine. Is there any poetry in greasing harness? Do you find any rhyme and rhythm in milking a double jointed, back action cow twice a day? Well, I guess not."

"But there's the scenery," his companion interjected, "and the smell of grain!"

"Yes," said the amateur farmer "and the chiggers, and the red bugs, and holes in the fence, and rats in the seed corn, and the potatoes sprouting. And if you are through plowing for awhile and haven't anything better to do you fix the wheelbarrow for recreation, or you can see that the water trough doesn't leak too much. Then if everything else fails and it's too rainy to do anything else you can get out a second-hand kit and fix the crupper on the harness or nail strips of boiler plate on the feed box so that crib eater of a plug won't have too many splinters in him when he dies. Oh, you can bet I'm too much of a farmer to look at the poetic side of it. I'm a real farmer; that's what I am." —Dallas News.

Lumpkin County Jury List.

(Continued from last week.)
The following is the Jury as revised by the Commissioners August 4, 1904:

FROCTOWN.

* Caldwell, David W.
* Grindle, James, (Yankee Jim.)
Grindle, Wm. M.
* Grindle, James T.

As the Tramp Explained It.

A man from Mexico, Jaques Forbes by name, claims to have a typical mother-in-law, inflicted with that strange and almost universal womanly failing of asking promissory questions.

"It was only a few weeks ago," said Mr. Forbes, "that a dilapidated-looking tramp, with a long, strikingly red nose—one of those all-ablaze noses—applied at the door of my mother-in law's home for food.

"Sure, said my mother-in-law in response to his request for food, I'll give you something to eat, but, my good man, won't you please tell me what makes your nose so red?"

"Not the least objection, madam" replied the tramp. "It is simply blooming with pride that it doesn't stick itself into other people's business. Good day, madam."—Louisville Herald.

The board of education of Gilmer county has not complied with the law by failing to adopt the school books selected by the state board, but are using much more expensive books, and Bro. Tabors, of the Courier, is getting after them with a sharp stick. That's right. We always like to see a man on the side of the widow and orphans instead of book trusts.

(To be continued.)

The difference between rising every morning at 6 and 8 in the course of forty years amounts to 29,100 hours, or 3 years, 121 days and 26 hours, which are equal to eight hours a day for exactly ten years. So that rising at 6 will be the same as if ten years of life (a weighty consideration) were added, wherein we may command 8 hours every day for the cultivation of our minds and the development of our bodies.

THE NUGGET.

DAHLONEGA, AUGUST 19, 1904.

Entered at the Dahlonega, Ga., P. O.

as Second Class Matter.

Official Organ of both City and County.

The last legislature passed over 200 local bills and 50 general bills.

Cobb county ladies carry pistols when travelling without a male escort.

Lawyer Parris killed P. T. Shore in Rabun county the other night. A woman's at the bottom of it.

Since the battle of March 2nd, the Japs have lost 12,055 men, yet they receive recruits and go right ahead!

The legislature passed an act preventing seining from March 1st to July, during the spawning season.

A law has been passed authorizing cities, towns and counties to charge a license tax upon the sale of distilled wine.

The seventh amendment to establish county tax assessors was killed in the house by a vote of 147 to 20.

Tom Watson, the populist nominee for president, made his first campaign speech last week at Lincoln, Neb.

The report of the Joe Hill Hall special investigating committee cost Georgia \$4,000 and amounted to nothing.

There are three newspapers published in the Ninth District by white republicans but they are all neutral in politics.

The Georgia populists are called to meet in Atlanta on September 1st, for the purpose of endorsing Mr. Watson for president.

The Supreme court says that the expenses of county finance committees cannot be paid unless approved by the judge of the superior court.

Last week Bob Smith shipped the first car load of peaches ever sent out from Hall county. It contained 550 crates and went to New York. Hurray for Hall county.

It is said that there were 600 new bills on the house calendar that couldn't be acted upon on account of the obstruction methods of Hon. Joe Hill Hall. This won't benefit him much when he runs for governor.

The first fellow we have heard express himself for Mr. Ashley was in town the other day. He had a jug of cider between his feet and treated one man. Cider is too weak to use in a campaign, but it is about as strong as the candidate.

The governor vetoed the resolution appropriating per diem to deceased members of the legislature who died before going to the general assembly. Also the resolution paying money certain deceased pensioners to their heirs, because it is unconstitutional.

Last Tuesday two negroes down at Statesboro, Ga., Will Cato and Paul Reid, confessed to going to the house of Mr. Hodges on the night of the 20th ult., and butchering both man, wife and children, robbing and burning them up in the house. After being sentenced to death on the 9th of September a mob of 500 persons overpowered the soldiers and carried the negroes off and burned them to a stake.

Last week the Republicans of Union county nominated the following ticket: For representative, Grant Woody; ordinary, William Seabolt; sheriff of Superior court, W. F. Foster; tax receiver, C. E. Rich; tax collector, T. L. Patterson; county treasurer, William Hedgecock; surveyor, New Forrester; coroner, Eke Walker. Mr. Woody visited Atlanta last year to see the sights and got lost and the police force was called on to find him.

That Republican Fizzle.

On last Saturday a few of the republicans of Lumpkin county met to see what was wanted by Mr. Asbury, secretary, who had called the meeting without any authority of Chairman Ben Anderson. Judge Brittain was made chairman and J. E. Tate secretary.

Those present were not long in learning that Mr. Asbury was hungry for office and wanted the republicans to put out a full county ticket provided he was endorsed as their candidate for the legislature. He had his resolutions ready and submitted to some of the republicans long before the meeting convened, but they did no good, as only three, Asbury, Wash Grizzelle and "Buck" Wenhunt, favored putting out any candidates at all and if the old gentleman wants to run now he will have to do so without the endorsement of the republican party. He might get five or six votes in the county, Shultz will get the rest. So Mr. Asbury must be contented with his present office—secretary of the county republican meetings, for it is the highest position he will ever hold in Lumpkin. He is too old for the people to try to start up the ladder of fame now.

Displeased because Charman Anderson would not go into the meeting Mr. Asbury tried to put Capt. Ingerson, who also paid no attention to this call, in as Chairman of the republicans of the county, but this did not take. Then the Captain was elected as chairman of the executive committee of the county, but we don't suppose Capt. Ingerson will accept as the meeting was called without any authority of the chairman, and is therefore illegal.

What big mistakes hungry office seekers make sometimes.

Col. Charters Compliments Hon. G. D. Bruce.

Mr. E. W. Ewing, the expert

legislative service of Hon. G. D. Bruce is now at an end, and I desire to say a word about him. Having seen legislature service myself, I know something of the difficulties under which the member from Lumpkin must labor. While, of course, Mr. Bruce has had efficient help in securing the appropriations of the college, his own work in that behalf has been exceptionally brilliant.

I have been in Atlanta and watched his work and worked with him, and I am in position to say that we could not have had a more diligent, industrious and efficient representative. In season and out of season he has labored for his people and he certainly deserves their commendation.

Mr. Bruce is not a trained speaker and has had very limited experience as a speaker, but notwithstanding this, I was informed by several of the leading members of the legislature that his speech in behalf of the appropriation for the North Georgia Agricultural College was without question the best and ablest speech that was made on the entire appropriation bill.

During his service the college appropriations have increased from a mere pittance to a sum that will enable it to become in fact one of the foremost educational institutions in the state. He has thus in serving his home people also most ably served his state.

I write this without his knowledge, merely because I believe that some of the good things should be said of a man while he yet lives.

Bruce has been one of the best and most influential representatives we have had. I know this, and I believe the people should know it.

W. A. CHARTERS.

The editor of the Cleveland Courier last week announced that he was a republican but the paper he is running is neutral in politics, so if a political "bear fight" is gotten up in the Ninth Bro. Davidson will not be in it; unless it is to lean over enough to keep the post office.

The Japs are gaining ground every day. On the 14th the Russian cruiser Rurik, was sunk.

Mining Notes.

Mr. Braymann, president of the Standard, will return home tomorrow.

The dam down at the McAfee-Lind Mine, which washed away a few days ago, is being rebuilt.

If the rains continue it will not be long until the branch miners will be able to resume work again.

We saw some very pretty fossils taken from the Briar Patch last week, speckled with the precious metal.

We learn that Mr. E. E. Criston has struck it very rich at his mine three miles above Dahlonega.

Mr. W. E. Ricketts informs us that he will commence on the dredge boat for the Briar Patch Mine next Monday.

The company has recently repaired the Barlow mill in good shape, and it is running on full time now under the supervision of Mr. Manuel Garret, a person who has been raised in the mines and thoroughly understands the business.

The last two years of extreme dry weather have been a great drawback to the mining industry, causing the output of gold to be unusually small, but we trust that the drouth is at an end and that all the miners will soon be able to start up their operations and continue without any further delay, for when the pick and shovel cease to move it effects the whole country.

In the afternoon essays were read by Messrs. Shultz and Branch on "Grading Common Schools" and "Rural High Schools." Mr. Shultz showed very clearly the advantages derived from having common schools graded.

The institute was then dismissed.

Physiology and History. Aside

from the teachers Prof. Boyd gave an interesting lecture on the subject of Pedagogy. During Tuesday's work Mr. Shultz introduced a measure which provided for a Public School Declamation Association. After a long discussion, both pro and con, Mr. Shultz's measure was adopted. By way of parenthesis we desire to say that this is a good movement and we hope that the author and his effort will realize a success. Every school in the county is expected to try to be represented—the date was set for the first Friday in September.

On Wednesday the subject of "The South," Geography and Agriculture and Grammar were discussed. On Thursday Grammar, Physics and Nature Study were discussed.

Friday was a day of general annual discussion. In the morning Judge Murray gave a lecture of the prospect of North Georgia.

He said that their was great wealth

in North Georgia if the people only knew it.

Following him was Col. Price, Col. Price dwelt at length on school taxation. His address was much appreciated by all.

In the afternoon essays were

read by Messrs. Shultz and Branch

on "Grading Common Schools"

and "Rural High Schools."

Mr. Shultz showed very clearly

the advantages derived from having common schools graded.

The institute was then dismissed.

J. F. BROACH.

Resolutions.

We the committee on resolutions beg to submit the following:

Resolved, 1st, That there is much to be done to develop the educational system in Lumpkin County.

2nd, That we pray the general assembly to perfect the school law and help carry out the great work which we are trying to do.

3rd, That we extend our thanks to the following gentlemen: Col. Price, Prof. Boyd, Rev. Mr. Taylor, and Judge Murray for their able addresses and valuable information.

4th, That we extend our thanks to the college authorities for the use of the building during the institute.

5th, That we extend our thanks to Prof. Gaillard for the pleasant and efficient manner in which he has conducted our Institute; and also our Hon. County School Commissioner for his untiring efforts in behalf of the county.

6th, That we recommend that a copy of these resolutions be published in the county paper.

J. F. PRUITT, Ch'r.

A. L. IVEY,

LULA HIGGINS,

Committee.

Georgia, Lumpkin County.

WHEREAS, A. W. Meaders, Executor of Estate of A. G. Wimpy, represents to the County Commission that he has entered on record, that he has fully administered said estate, this is therefore to inform all persons concerned, that the same is now free from all encumbrances, and is to be sold, if any person can, why said Executor should not be discharged from his Executive and receive letters of discharge, on the first Monday in September, 1904.

That we direct our thanks to Prof. Gaillard for the pleasant and efficient manner in which he has conducted our Institute; and also our Hon. County School Commissioner for his untiring efforts in behalf of the county.

That we extend our thanks to Prof. Gaillard for the pleasant and efficient manner in which he has conducted our Institute; and also our Hon. County School Commissioner for his untiring efforts in behalf of the county.

That we extend our thanks to Prof. Gaillard for the pleasant and efficient manner in which he has conducted our Institute; and also our Hon. County School Commissioner for his untiring efforts in behalf of the county.

That we extend our thanks to Prof. Gaillard for the pleasant and efficient manner in which he has conducted our Institute; and also our Hon. County School Commissioner for his untiring efforts in behalf of the county.

Local News.

Miss Mattie Eave, of Atlanta, is the guest of Prof. and Mrs. J. W. Boyd at this place.

Mr. John Hatfield came up to look after a case he had in Justice's court last week. He gained it and went back smiling.

The sheriff of Gilmer came over last week and carried back Will Tramell, col., and the shoes he had stolen over there a few days ago.

U. S. Deputy Collector Hopkins, of Jasper, Ga., came over last week and arranged things so Mr. Tom Cain could make brandy according to law.

The Stowers Bros., of Dawson county, have been furnishing J. F. Moore & Co. of Dahlonega, an average of 50 bushels of meal a week since December. These gentleman make tilling of the soil pay.

We stated last week that Mr. A. G. Kennaday, of White county, had purchased town property and would move to Dahlonega. He did bargain for Mr. Ben Moore's property and called up men to witness the trade, but after the deed was drawn up the old gentleman backed out and got in his buggy and left for his country home to spend the rest of his life.

Last week Postmaster Tate received a letter from Mr. Chas. M. L. Bryson, of Nevada, Mo., a son of Mr. "Dug" Bryson, formerly of Lumpkin county but now of Dawson. Mr. Bryson is editor of the Arkansas Commodore. He has lost sight of all his folks and was writing to the postmaster about them. He says he has an interest in the Wells mine near Aurora and wishes to consult a lawyer here about it. His address is 315 East Pitcairn St., Nevada, Mo.

On Thursday of last week City Marshal Walker received a letter from the authorities of Atlanta stating that Adelia Dayis, who seemed to be demented and was from Lumpkin county, was in custody, making enquiries about her. This unfortunate woman is a daughter of Mr. Daniel Davis, residing near Porter Springs. She ran away from home some time ago and her father followed her and brought her back. Then she left again.

The bids for the building of the Jay bridge last week, were as follows: A. F. McDonald, \$448.00; W. B. Gurley, \$849.92; C. M. Moore, \$407.50; W. E. Ricketts, \$487.50; C. R. Odum, \$480.00; W. J. Hightower, 424.50; F. M. Williams, \$480.00. Mr. Moore's bid being the lowest, he will be awarded the contract. The contractor gives a bond of double the amount and insures it against any deficiency in the work that might show up in seven years, as the law directs.

It will be gratifying to the many friends of Cadets Horton, Hodges and Tillson, all former students of the N. G. A. College, and now cadets at the U. S. Military Academy at West Point, to know that Major Tillson, on his recent visit to West Point, found these young men doing first-class work in this national institution. Cadet Horton stands No. 2 in conduct and No. 28 in class standing, in a class of 100 selected young men from the whole United States. Only another evidence that the N. G. A. C. turns out the best of scholars and soldiers.

Last Friday we were presented with a basket filled with fine peaches and grapes by Capt. H. D. Ingwersoll, grown on his lot in Dahlonega. The peaches were the Croftord variety and some of them measured eight and a half inches in circumference. The same day Mrs. W. T. Bryson, living down on the Chestatee river, also sent us some very fine peaches, measures eight and three-fourths inches in circumference. We are very fond of grapes and peaches and these gifts are very much appreciated, and it causes us to feel proud of living in a country producing such fruits.

Mrs. Charters returned from a short visit last Saturday.

Mr. A. W. Leonard, of Washington City, has spent several days here since our last issue, looking over the mining field.

There was no services at either one of the churches in Dahlonega last Sunday on account of the meeting being in session at the Dahlonega camp ground.

James Gooch, of Dawson county, waived examination before Com. Baker last week and made bond for his appearance at the next term of the U. S. court, charged with illicit distilling.

We are in receipt of a catalogue of the Grapeland Public School, Grapeland, Texas. It has seven trustees and a faculty of four teachers, and Prof. A. W. Cain, formerly of this county, is the Principal. It gives us pleasure to know that our friend is filling a good paying, responsible position like this, for no finer young man was ever raised in Lumpkin county.

Mr. L. G. Stowers, of Dawson county, was in Dahlonega last Saturday with a load of corn on a wagon made before the civil war. It was manufactured at Leathers Ford, in Lumpkin county, by Mr. Asher Stone, who has passed away long ago. About two months ago Mr. Stowers bought this wagon and carried it down to Gainesville and had it ironed and painted up in good shape.

We stated last week that the lease of the Barlow mine had served its owners with an injunction through his attorney, Mr. W. S. Huff, and gave the plaintiff's side as gathered from the attorney.

Now we give the other, as told by the manager. The Barlow mine was leased to Mr. Tregent some time ago, with the understanding that he would keep the mill and mine in good shape and required to pay the 8th of the gold made. This, the manager asserts was not fully carried out. The mill got out of repair and besides requiring too much time in crushing the sub-lessees ore who were charged the 4th, it gave much dissatisfaction, as well as impeding the progress of their work. Mr. Tregent was notified by Mr. Bainbridge that the company would take charge of the mine and just as soon as the mill was repaired and put in good shape Mr. Tregent commenced the suit against the company.

Last Friday was a busy day in the Justice's court of this district. When Squire Worley was not on the bench Notary Public McGuire was occupying it, and it required about all day to transact the business. During the time, some of those interested lost their temper, causing them to use pretty rough language. Among the cases was one of Dr. Stow, of Dawson county, vs. W. B. Gurley, of Dahlonega. Mr. Gurley is a mechanic, who worked for the Doctor while he lived here, and the Doctor did all Mr. Gurley's practice. This went on for some time and when a settlement was made the Doctor owed Mr. Gurley. A suit was commenced by Mr. Gurley against Dr. Stow for the balance due him, which resulted in many of the people of Dahlonega. Besides running in debt at every store where credit was given him he borrowed money from many persons till it amounted to more than he could ever pay, then he left out, having been up so much, dropped off to sleep, when Alvenia reached his hand into the officer's pocket, got the key and freed himself.

The way J. F. Griffin has acted it has caused a good deal of displeasure among many of the people of Dahlonega. Besides bringing suit against Mr. Gurley, after having raised the prices on his books so as to cause Mr. Gurley to be in debt to him. The changing of some of the figures was admitted by Dr. Stow during the trial. The result was, he lost the case. During the trial, however, Dr. Stow said that Mr. Gurley was to work for him at \$1.00 per day. This was given the lie by the defendant. Squire Worley started to pick up the gavel to sound for order, but seeing that the Doctor didn't get angry and Mr. Gurley had no more to say, he let go. The next morning Dr. Stow appeared mad, as he had all the night and part of the day to get so. When one man only gets mad at a time there is never any trouble, and it is a good idea, but there are but few people that can stand it.

Misses Sallie, Gertrude and Mittie Thomas are visiting relatives in Buford.

Mr. Geo. Jenkins has moved back from Alabama and located again in Dahlonega.

Mr. Joe Brice, who used to go to college here, but now a resident of Texas, was here yesterday.

In the jury list in Crumby's district, it should have been Lewis Brady instead of Lewis Beasley.

Mr. Vernon Moore is down at the Consolidated and will run the lightning department until college opens.

Col. Jones, of North Carolina, president of the Cavender's Creek mine, passed through Dahlonega last Friday on his way to the mine, four miles above Dahlonega.

Last week Mr. and Mrs. Stephen Rice enjoyed a family reunion. Those present were: Mr. and Mrs. Hartman, of Thomaston, Ga.; Mrs. Fannie Hatfield, of Monticello; Mr. W. M. Rice, of Milner, Ga., and Mr. Gordon Rice, of Dahlonega.

Mr. J. R. Henly, of Jasper, Ga., who recently graduated at the N. G. A. College, was in Dahlonega last Friday shaking hands with his numerous friends here. While in the city he visited THE NUGGET office and dropped a dollar in the slot.

There are two prisoners in jail now who will likely have to remain until next term of the Superior court, being Scipio Gaddis, charged with riot, and Geo. Turner who had been on too intimate terms with his sister-in-law to suit Turner's wife.

Young men intending to attend the N. G. A. College, have already been here making arrangements to be on hand at the beginning of the fall session. The indications are that the attendance at the fall session will be by far the largest that has been for years.

Will Ward was fined one dollar and cost for disorderly conduct on last Friday caused by drinking half a gallon of blackberry wine, purchased the day before near town. It is a violation of law to sell wine but still it is done and the dealers go unpunished, or have heretofore.

Last Sunday Sheriff Davis was notified by the deputy sheriff at Pratt City, Ala., that he had Alvenia Coffee who is wanted in Dahlonega charged by the grand jury of Lumpkin county with selling liquor.

Alvenia was under a hundred dollar bond signed by Henry Underwood and John Anderson. This bond has been forfeited twice and they offered a reward of \$50 for the fugitive. Sheriff Davis went down Monday and brought the negro back. A message was received yesterday morning stating that Alvenia made his escape from the sheriff after reaching Gainesville before day. The negro was handcuffed to the sheriff, who having been up so much, dropped off to sleep, when Alvenia reached his hand into the officer's pocket, got the key and freed himself.

The way J. F. Griffin has acted it has caused a good deal of displeasure among many of the people of Dahlonega. Besides running in debt at every store where credit was given him he borrowed money from many persons till it amounted to more than he could ever pay, then he left out, having been up so much, dropped off to sleep, when Alvenia reached his hand into the officer's pocket, got the key and freed himself.

The telephone last Tuesday flashed the sad intelligence of the death of Mrs. H. P. Farrow, which occurred at Porter Springs, in this county that day at 4:30 o'clock. The pain and suffering of this good lady have been intense. She was stricken down by paralysis and for more than two weeks lay perfectly speechless. Her bereaved husband and other relatives have the sympathy of the citizens of the entire country.

On Saturday night at the Dahlonega camp ground Mrs. Eaton was noticed making her way on fast time to the harbor, and as soon as she recovered from fright enough to talk, said that some one had rocked her and her husband a short distance above the camp ground. Young Ridley went out in a short time afterwards and when a rock knocked his hat off he had business elsewhere. Ridley firmly believes the Lord was with him else he would have been hurt.

Mr. William Higgins has gone back to Alabama.

Mr. Tom Ray left for Tennessee last Monday morning.

J. T. Smith & Bro. have just received their fall stock of clothing.

Judge Shope, of the Briar Patch Mine, spent a few hours in Dahlonega last Tuesday.

The one losing a finger ring can get it by calling on J. F. Moore and paying for this notice.

Mr. John Anderson will have singing in Dahlonega Sunday at 6 o'clock.

Rev. Mr. Taylor, of Dahlonega, has been running a protracted meeting down in Forsyth county this week.

An old man about 70 years of age stole an axe handle from a merchant in Dahlonega last Tuesday.

Jim Stancil, of Chestatee district, was up before Com. Baker last Tuesday charged with breaking and entering.

Miss Maggie Woodward has rented the dwelling opposite the boys dormitory and will open out a boarding house soon.

The road commissioners of Yahoolea district, not having enough hands to put the roads in good fix, are helping themselves.

Col. A. J. Sharp, of Atlanta, has been up this week viewing the progressive work of the Jumbo Gold mine in which he is interested.

One of the Garret women cut little Bob Free's coat in several places the other day with a razor. What for, we did not learn.

The morning this week Mr. J. B. Caldwell, of Yahoolea district, caught five coons up one tree, after having destroyed much of his corn.

The crop of vegetables has been fine and large this year. Our butter half raised a cucumber 12 inches long and 12 $\frac{1}{2}$ inches in circumference.

A fellow by not taking THE NUGGET lost \$5 because he did not know anything about a contract that was let until it was awarded this week.

Nearly all the cats have died in Dahlonega and there will be nothing to catch the rats unless our citizens order a wagon load of black snakes from the mountains to use until winter begins.

Hon. G. D. Bruce, Lumpkin county representative, was held over to help wind up the business of the legislature and didn't get home until last Tuesday. How many friends here are glad to have his presence. He has been one of our most active members of the legislature whose official record is pointed to with pride.

More than three weeks ago Mr. Reid McCalister returned from the West and after remaining in Dahlonega a few days left for Rabun county to be gone only a few days, and nothing has been heard of him since. His sister here is getting uneasy about him. His folks in the West are also writing to know what has become of him.

The telephone last Tuesday flashed the sad intelligence of the death of Mrs. H. P. Farrow, which occurred at Porter Springs, in this county that day at 4:30 o'clock. The pain and suffering of this good lady have been intense. She was stricken down by paralysis and for more than two weeks lay perfectly speechless. Her bereaved husband and other relatives have the sympathy of the citizens of the entire country.

On Saturday night at the Dahlonega camp ground Mrs. Eaton was noticed making her way on fast time to the harbor, and as soon as she recovered from fright enough to talk, said that some one had rocked her and her husband a short distance above the camp ground. Young Ridley went out in a short time afterwards and when a rock knocked his hat off he had business elsewhere. Ridley firmly believes the Lord was with him else he would have been hurt.

Mr. and Mrs. J. E. Menders, after spending several weeks in Dahlonega, returned to Swainsboro last Monday.

Dr. Glenn and family came in yesterday.

Mr. Gordon Head will open out his hotel first of September.

Mr. T. W. Turner, Randa, Ga., has a yoke of four-year-old oxen for sale.

Mr. W. H. Smith, of Grace, Ga., made fifty-five and three-fourths bushels of wheat from four days.

Miss Head, sister of Dr. and Mr. M. G. Head, has been sick for several days. Mr. J. M. Brooksher is improving.

Mr. Treget, at the Barlow, desires 100 cords of wood cut for which he will pay 45 cents a cord in the woods down there.

W. P. Price, Jr., is still leader in low prices. 20 cents dress goods for 12 $\frac{1}{2}$, 15 cents dress goods for 10, 10 $\frac{1}{2}$ dress goods for 11, 12 $\frac{1}{2}$ dress goods for 8 cents while they last.

Good set of carpenter tools, jelly glasses. Just received a big line of shoes. I also have a job lot of ladies shoes in No. 3 and 4 55 cents, worth \$1.25.

M. J. WILLIAMS.

Persons residing in Dahlonega are requested to clean off their cemetery lots while the work is going on now by the contractors, else they might ent something down not wanted to be molested.

Last Sunday twelve negroes

were baptized below the Gorge dam, one of them being "Uncle" Jesse Green, one of the oldest negroes in Lumpkin county. The old man came near waiting too late.

Marriage licenses were issued this week for "Uncle" Marvin Grizzel and Miss Mary Butler, and we guess by this time it is "two souls with but a single thought, two hearts that beat as one," because they married Tuesday.

Messrs. D. C. Stowe, formerly in the undertaking business in Dahlonega, Doek Frye, formerly of Clarksville, and Thos. M. Bell of this city have formed a co-partnership to operate an undertaking and embalming establishment in Gainesville.—News.

Those who purchased unreturned wild lands at sheriff's sale in Georgia in the past are at a loss to know what to do. Their titles are not worth a copper. Many of the purchasers have sold to others and if they come back on them their money will have to be refunded.

The Supreme court has rendered a decision to the effect that when a municipal convict escapes he lays his self liable to be sent to the state chain gang for twelve months. Some times the boys leave out from the Dahlonega street work, but doubtless this decision will cause them to "stay to the rack, fudder or no fudder" hereafter.

Although Mrs. J. E. Worley, of Kansas City, Mo., had never been in Georgia until the other day, she had a desire to see the Singleton mine, as this was her maiden name, having often read about this celebrated mine in THE NUGGET. So while here last week she went down to the mine and was given a beautiful specimen which she carried back and prize it very highly.

The legislature has voted an appropriation of \$1,000,000 for Georgia public schools for the coming year. This is an increase of \$200,000, which, in addition to the school fund derived from other sources, will make something over \$2,000,000 for our common schools for the year 1905. This is gratifying news to the poorly paid teachers of Lumpkin county.

On Tuesday morning last, Billie Riley, living in the outskirts of town, and a colored preacher, went out to his crib to get some corn and when the latter put his hand down into a sack of corn out came a rattlesnake pilot. Although the preacher is a good man and had often sung, "Oh, how I long to be there," he never reached his hand into that sack any more till the snake was killed.

Almond Grafted on Live Oak.

A story of unusual grafting in vegetable life is vouches for by Attorney John J. Wells and H. C. Swain, at Redding Cal. They say that on the farm of Julius Jensen, on Dibble Creek, an almond has been grafted upon a live oak and a pear onto a mulberry. Mr. Jensen has been on the place only for a few years and knows nothing of the past history of the farm. In the yard stands a magnificent almond of the hard shell variety, which produces every year a crop of large almonds.

The tree forks at the ground. A foot and a half above the ground, where one of the branches is twelve inches in diameter and the other half as large, each branch suddenly enlarges and becomes four inches greater in diameter. This spring, to the complete surprise of Mr. Jensen, he discovered an oak shoot putting forth just below the enlargement on one of the branches. Examination then showed that up to the point where the enlargement appears the tree is live oak. Who did this strange grafting? or when is unknown. But the fact is plain that on each branch an almond has been successfully grafted onto a live oak stump.

In the same yard, and a distant only fifty feet, stands a pear tree. About five feet above the ground the pear wood commences; below that is a mulberry. Clearly this is a case of pear being grafted upon a mulberry. This tree produces excellent Bartlett pears.—Ex.

Oil for Snake Bite.

In India, says a writer, it is held that the proper way to treat natives who do their best to die of pure "nervous depression" after imaginary snake bites is to put a drop of croton oil into the patient's eye, which gives him something real to think about. He tells the story of an Indian coolie who, while walking across a court-yard after dark, trod on one end of a piece of iron hoop, with the result of bringing the other end jagged extremely sharply up and into contact with the back of his leg. Now unluckily the man took for granted that he had been bitten by a snake, and probably by a venomous one. He accordingly made up his mind to die, and would rapidly have succeeded in doing so had not an experienced person been handy with a bottle of croton oil.

No Advertising Signs.

Bridge Commissioner Best of New York recently refused to consider a proposition from a "flesh food" company which offered the city of New York \$200,000 a year of placing huge illuminating signs on the new Willamburg bridge. The action of this official is in striking contrast with that of Park Commissioner Pallas, also of New York, who early in the year subtlet the huge boards around the site of the new public library to a billing firm.

When interviewed about this matter Commissioner Best said:

"No advertising signs are permitted to be placed on any bridge owned by the city. Not for \$1,000,000 a year would any one be allowed to detract from the architectural beauty of the Willamburg bridge."

Pointed Paragraphs:

If you insist on pointing a revolver that is not loaded, point at your own head.

In a man, that which is called conscience is largely a fear that may be found out.

When an elderly man marries, he is as liable to fib about his age as the average woman is about hers.

Now up and up; when you take a good look at yourself in the glass don't you think. "Well, I'm not such a bad looking fellow?"

Do not believe the stories heard about big salaries; you have told stories of this kind yourself and know how unreliable they are.

Short Stories.

Oklahoma, the youngest territory, has 352 newspapers.

The population of Cuba is now over 1,650,000, which is an increase of 19 per cent and more since 1900.

If the deposits now in the savings banks of this country were divided per capita, every man, woman and child would receive \$417.21. The total sum is \$2,925,204.85.

Daniel Briggs of Mechanic Falls, Me., furnishes the following facts which are taken from his daily journal: From May 1, 1839, to May 1, 1904, sixty-eight years, it has rained 5,720 days, and in the same length of time it has snowed 2,663 days.

Dr. Wiley, the government chemist, says that after a story was published which stated that the Washington "poison squad" had beautiful pink cheeks after eating a certain food he received thousand of letters from women all over the world begging for the recipe.

The republicans claim that they are going to "sweep the country." The country needs sweeping after three years of Roosevelt rule, remarks the Monroe Advertiser.

It seems that Blairsville, Ga., has a walking saloon, conducted by a negro, who sells liquor to boys and every body else that want it.

THE YEAR FOR DEMOCRATIC VICTORY.

For All the News of the Campaign Read the Journal.

The Atlanta Journal will not only strive to be right, but it will be bright and large, national in its news and views. Everyone who is interested in this vital Presidential contest will need it every day.

The Journal's facilities for getting the news "while it is news" are better than any other paper published in the South.

The rates are very low, being only \$7.00 per year for the Daily and Sunday by mail, \$3.50 for six months. Daily only \$5.00 per year, \$2.50 six months, or delivered by our carriers in the different towns and cities at 12¢ per week.

SPECIAL CAMPAIGN OFFER.

The Daily and Sunday Journal for the next six months, \$3.00.

Address the Journal, care of our subscribers and a very liberal commission will be allowed on all new subscribers. Address Atlanta Journal, Circulation Department, Journal Building, Atlanta, Ga.

Terms subscription blanks, sample copies, printed matter, will be sent by return mail.

If you want all the news all the time read The Journal.

BARBER SHOP.

WHEN wanting a nice clean shave, hair cut or shampoo, call on Henry Underwood, First-class barber shop in every respect, where he will be found ready to wait on you at any time.

A Humorist in Love.

A certain young humorist once fell violently in love with a pretty girl whom he had met for the first time. The strength of his attachment may be gauged, says London "Tit-Bits," by the following letter which is dictated to her:

"My Dear Miss M.: Every time I think of you my heart flaps tip and down like an excited eel in a fish basket. Sensations of unutterable joy caper over it like young kittens on an outhouse roof, and thrill through it like broken bottles on the garden wall through the garments of the nocturnal thief. As a gosling swimmeth in a mud puddle, so I swim in a sea of glory. Visions of ecstatic rapture thicker than the hairs of a blacking brush visit me in my slumbers, and, borne on their invisible wings, I reach out to grasp your image like a terrier snapping at a bluebottle fly.

"Since the light of your face fell upon my life I sometimes feel as if I could lift myself up by my boot-jack to the top of the church steeple and pull the bell rope for morning school.

"Day and night you are in my thoughts, and whenever I think of you my heart, like a piece of gutta-percha, seems stretched across my bosom.

"Your hair is like the mane of a

chestnut horse powdered with gold, and the brass pins skewered through it fill me with unbounded awe.

Your forehead is smoother than the elbow of an old coat, and your eyes are glorious to behold. In their liquid depths I see legions of Cupids bathing like a cohort of ants in an old Wellington boot. When their fire hit my manly breast it penetrated my whole anatomy, as a charge of birdshot goes through a ripe apple.

"If you cannot reciprocate my thrilling passion, I shall pine away like a poisoned fly, and fall from the flourishing vine of life on an untimely branch. And coming years, when the shadows fall from the hills and the corn-crake sings his cheerful evening hymn, you, happy in another's love, can come and drop a tear and catch a cold on the last resting place of yours affectionately, H."

The largest yield of Elberta peaches from one tree ever heard of in this section is reported from the orchard of H. P. Barrett. About fifteen crates of peaches were gathered from this tree, and the fruit was all large and fine. Four peaches from Mr. Barrett's orchard were presented to a Times man Monday, each of which measured ten inches in circumference.

Cathoun Times.

Advantages of The South.

In selecting a country for a home a man naturally wants to find a place possessing as many natural advantages and as few disadvantages as possible, says the Southern Farm Magazine. He likewise wants a country where schools and churches abound, where social opportunities are good, where population and wealth are increasing. In the South, including, of course, the great southwest, all of these things are found. Here is to be had every attraction for the farmer, a good soil capable of highest improvement and yielding almost every crop known to the temperate regions—grain, grasses, potatoes and fruits of endless variety, as well as the distinctive Southern crops—cotton, corn, rice, sugar and tobacco. A Northern or Western farmer coming South need never cultivate, unless he so desires, any crops except those with which he is familiar in his own country. If he wants to grow cotton and rice he will find ample room for profitable work; if he prefers to stick to grain and grasses, to fruits or trucking, he can find locations having advantages not surpassed by any part of the North or West. To these the South adds a climate which means health to all and long life to many who cannot safely stand the rigor of Northern and Western winters. In place of snow it offers sunshine; in place of sickness from long dreary winters it offers outdoor activity and health. In educational and religious matters the South is the most orthodox section of America. Its people have not yet been drawn away after false gods. It has not yet been fashionable in the South to be a higher critic nor to make light of sacred things. The old-fashioned camp meeting in the country and the revival services in city churches are still a great power in the South. The sacredness of home is the foundation stone of Southern life. With warm-hearted, genuine hospitality the South welcomes every good honest newcomer. It judges a man by his character and his acts, and if these are right he finds as warm friends as he can find in the world; if they are wrong he had better stay elsewhere.

And then, from the business side the South offers the most inviting field in the world. In manufactures it has a greater future than any other part of the world, for here nature has concentrated the raw materials for all lines of industry. In foreign commerce the whole trend of growth is toward Southern ports. With the certainty of a vast increase in manufactures, in commerce, in wealth, there will come a great increase in land values. There will be unlimited fields of employment opening up for the newcomers as well as for the native. Here is a land to which the inspired writer might justly have been looking when he said:

"A good land, a land of brooks of water, of fountains and depths that spring out of valleys and hills; a land of wheat, and barley, and vines, and fig trees, and pomegranates; a land of oil, olive and honey; a land where in thou shalt eat bread without scarceness; thou shalt not lack anything in it; a land whose stones are iron and out of whose hills thou mayest dig brass."

A bill, introduced by Representative Rogers, of McIntosh, the only negro in the Georgia Legislature, appropriating \$5,000 for the State Industrial College, for negro youths, at Savannah, was passed by the house of representatives unanimously.

Lumpkin County Jury List.

Idle Away Your Vacation

There is too much strenuous life in our vacation periods, say eminent physicians. American men, when they get a fortnight off, rush into sports that they are not accustomed to. Instead of getting rested by their days away from business they exhaust their energies in unaccustomed exercises. To be sure, they get bronzed up with the sun, but their physical being is not restored for the work that is ahead of them. What is really needed by them, according to the specialists, is absolute rest, days of luxuriant idling, of whiling away time somehow without too much exertion. Then the entire frame and mind get thoroughly relaxed and refreshed up, the nerves get a tonic they have not been accustomed to, and when the office or the store or the shop is returned to the man is in far better condition for the duties he resumes.

Get lazy for once in the year, is the way one physician puts it. Give yourself a thorough rest. Find out what it means to stay in bed longer than you have heretofore done. Find out how much pleasure there really is in swinging listlessly in a hammock in a cool spot; in loafing on a piazza, with your feet cocked up on the balustrade. Give yourself an insight into the washerwoman's heaven, the place where people fold their hands "and just do nothing."

Be downright indolent, says the doctors, and you will get the greatest benefit possible from your vacation. Don't indulge the idea that if you are not constantly on the go your days of leisure are misspent and doing you no good. Get a more sensible view of vacation and what it means.

THE NUGGET.

DAHLONEGA, AUGUST 26, 1904.

Entered at the Dahlonega, Ga. P. O.
as Second Class Matter.

Official Organ of both City and
County.

Tom Watson speaks in Atlanta
on September 1st.

The judges have turned over
their free railroad passes and will
hereafter pay their fare.

The sale of the Georgia peach
crop amounts to more than two
millions of dollars this year.

There are eight inmates in Pickens
county paupers home, being
cared for in a satisfactory manner
at \$4 per capita.

Rev. Thad Pickett, of Dalton,
Ga., says many democrats are
urging him to run for congress
against Hon. Gordon Lee in the
7th. Mr. Pickett ran for congress
in the 9th district once but it was
just a run.

Bishop Potter, of New York,
who recently dedicated a model
saloon in that city is catching it on
all sides. Doubtless the Bishop
has been a good man up to this
occurrence, but here he lost his
grip.

When Mr. Hodges, his wife and
three little children were butchered,
robbed and burned by those
black fiends down at Statesboro
on the night of the 20th of July,
no enquiry was made by any of
the New York press, but as soon
as the negroes were killed for the
crime some of the editors of that
city sent telegrams to Gov. Terrell,
wanting to know the particulars
and the best way to stop lynchings.

Our friend, Mr. H. D. Jaquish,
is now in Chicago, in the interest
of an electric railroad from Gainesville
to Atlanta. Mr. Jaquish says if Mr. Ashley is elected for
congress in the 9th district it
would mean that Northern and
Western capitalists would more
largely invest in this section. If
any one waits till Mr. Ashley is
elected here, before they invest in
this section, they will never spend
a dollar.

It's right funny. Some time
ago we stated that Col. Farrow
had passed through on his way
from Porter Springs to Gainesville,
who would soon issue a circular
so warm that it would almost
burn the hands of those who read
it, &c., &c. By some means the
press has given the Alpharetta
Press credit for it instead of THE
NUGGET. Alpharetta is too far
out of the Colonel's way to be
going from Porter to Gainesville.

Retail wine dealers will have to
look sharp now, as the last legislature
passed an act giving the
ordinary and municipal authorities
the right to tax all persons selling
wine in less quantities than five
gallons. The general tax act of
the state also fixes a tax of fifty
dollars, and no one can sell it at
all, unless he has first paid the
license tax to be fixed by the ordinary
or municipal authorities and
also the fifty dollars state tax.
This will cause a great disappointment
to the parties who have made
up a lot to sell in Lumpkin county;
as well as elsewhere.

Parents do wrong in keeping
their children hanging around
home in idleness and sheltered and
enervated by parental indulgence.
The eagle does better: It stirs up
the nest when the young eagles are
able to fly. They are compelled
to shift for themselves for the old
eagle turns them out and at the
same time tears all the down and
feathers from the nest. 'Tis this
rude and rough experience that
makes the king of birds so fearless
in his flight and so expert in his
pursuit of prey. It is a misfor-
tune to be born with a silver spoon
in your mouth. Riches often hang
like millstones around the necks of
ambitious young people.—Con-
vers Press.

Mining Notes.

Arrangements are being made
to start up work at the Ogle mine
above the Barlow.

The injunction case of Mr. Tre-
gent against the owners of the
Barlow has been compromised
and everything at this mine is
running along smoothly now,
making money.

Mr. E. E. Crisson hopes to be
able to get his little mill running
by the first of the month. Mr.
Crisson says he thinks he has a
good mine. He has followed min-
ing long enough to know what he
is talking about.

The dam down at the McAffee-
End Gold Mine was completed
last Friday, but the Briar Patch
canal above practically cuts off
all the water from this dam
and can't till it rains more
unless electric power is used.

In reply to enquires about the
Josephine of lower Etowah Mine
we will answer the first question by
saying the development work is
expensive, and to number two we
do not know whether they mean
to treat the stockholders right or
not as the managers are strangers to us.

Messrs. Jake Loggins and Will
Lemly are making good money on
the Calhoun property. Messrs.
W. T. Bryson and J. L. Loggins
are also doing well on the same
property at a different place. All
are experienced native miners who
know how to work for gold econ-
omically.

Doubtless the Calhoun mine has
produced more gold within the
past two years than any other gold
mine in this section. It is placer
work of the richest kind and no
delay was caused by the drought
of the past. A pump forces all
the water from the Chestatee that
is necessary to keep it running
steadily.

An examination has recently
been made to see what it will cost
to rebuild the dam at the Findley
mine. The mill is all right with
the exception of a little repairing
which will not cost much. If the
mill and is put in good running
order there is abundance of ore
in the mountain above the plant,
easy to handle, to run it for many
years.

The little mill and 20 stamps of
the big Crown Mountain mill have
been kept running pretty regular
since the plant started up again.
We understand that General
Warner, president of the
company, says he intends to arrange for
enough ore to be supplied the mill
to keep the entire stamps running
on full time. When this is done
the mine will pay well.

At the Hand Mr. Baumbridge has
put on a sufficient number of men
to keep things in motion both day
and night, and the reports of the
blasting to be heard down there
reminds us of when this mine was
on a boom. We don't mean to
say that the expenditures are so
great and dwindle as we're then; for
this is not the case. The manage-
ment is different. It is not being
run for a show now, but for the
purpose of making money.

Mining also seems to be looking
up in our sister county, White.
Last week's Courier says: Some
fine prospects have been discovered
on J. R. Allen's property at
Loudsville. It is said that these
finds were made on the famous
Sprague vein which many years
ago was so successfully worked off
that property now known as the
Blake. It is said that Sprague
made a fortune when he found his
vein spending the last dollar in
search. If this new find is the
Sprague vein, and it is rich as
when Sprague found it, then
somebody is sure of success there.

Mr. Breymann, president of the
Standard Gold Mining Co., left
for his home in Toledo, Ohio, last
week to be gone about ten or
twelve days. While here he gave
the Singleton mine, belonging to
the Standard, his entire attention
in prospecting and preparing for
future work, and the result of
the labor has given Mr. Breymann
more encouragement about this
property than at any time heretofore.
While digging, searching

and crosscutting a number of
veins were found. Five within
a space of twenty feet, running in
one direction, and Mr. Breymann
thinks they will come together and
form one large vein and can be
worked with a hoist at the Tahle-
cka shaft. One of these veins is
three feet and a mill test of six
tons produced five and a half
ounces of gold, besides that left
in the sulphate and the many
rich specimens that were picked
out. The Campbell shaft has
reached a depth of 90 feet and
the vein grows richer and larger as
it is followed. When first dis-
covered it was worth about seven
dollars per ton. Now it is worth
ten. The outlook is so bright and
encouraging at this mine that its
president expects to put up more
hoists, move the Mary Henry mill
and add it to the Singleton, which
will give him a plant of forty
stamps, to be run by an electric
plant to be established at Grindel
Shoals, provided the prospects
continue to show up enough to
justify it, and Mr. Breymann has
the utmost confidence that they will.
This gentleman has more money invested in Lumpkin gold
mines than any other person in
the United States and we trust
that he will succeed in all his un-
dertakings.

Judge Shope, of the Briar Patch
Mine, was in Dahlonega again on
Monday accompanied by his
daughter Miss Ray. The object
of the Judge's visit was to consult
with Mr. Ricketts, the contractor
who is to build the company's
dredge boat for the Chestatee river.
It was the contractors intention
to commence work on the boat
last Monday but was pre-
vented on account of a sufficiency
of lumber not being on hand
for the purpose. Doubtless the
work is in progress by this time as
Mr. Ricketts intended beginning
yesterday. The machinery for the
boat is already in Gainesville and
Mr. Hughes Moore, of Dahlonega,
and Mr. John Hulsey, of Hall
county, have the contract of delivering
it. This boat is a "Marion",
with a capacity of 600
cubic yards per day, and will with-
out doubt give good results, as the
ground it will work on has been
proven by test-pits to be very rich.
Judge Shope is giving the
mine his personal attention and
every thing is moving along in
good shape, and all efforts are be-
ing used to complete the canal
which is supposed to furnish
six hundred to one thousand
miners inches of water at an
elevation of 145 feet, and will sup-
ply water enough to run seven to
ten giants and hydraulic lifts.
In addition to the dredge and canal,
the company is opening immense
ores bodies on Ramsey and Gold
Hills, with a view of erecting
a modern stamp mill at an
early date, and when once this
property is fully equipped on lines
as mapped out, it will be second to
none in this country as a producing
property. Mr. Robert
Disney, Vice-President of the
company, visited the mines last
week with a party from Des
Moines, Iowa, and they were very
enthusiastic and predicted a great
future for the property. The
members of this company while
not disposed to boast, have in a
quiet way made wonderful head-
way. The canal, which is 14½
miles in length, is nearing com-
pletion and the company is work-
ing hard to get that section rid of undesirable citizens.
Besides burning a couple of negros
in one day, the following
day they killed another and se-
riously injured two more, having
been implicated in the horrible
murder of the Hodges family in
Bulloch county on the night of the
20th of July.

On the 22nd the Russian cruiser
Novix was destroyed by the Japs.

Another Negro Lynching.

Down in Polk county last Monday morning, Lula, the little 13-year-old girl of Mr. Eb Reeves, while on her way to take the cow or calf to the pasture, was attacked and dragged into a corn field, which was within 200 yards of her father's house, assaulted by Jim Glover, col., and left in a dying condition. The news spread like wild fire and aroused the whole neighborhood. He was followed, captured by a mob of 500 people and shot to death. Then his body was burned on the public square at Cedartown, witnessed by about 2,000 people.

The action of these citizens was
not in accordance with law, but
the fand deserved it and met his just
reward. Our wives and
daughters must be protected.

In shooting at the negro several
white persons were accidentally shot.

Division Meeting I. O. O. F.

The division meeting of the Odd
Fellow lodges of this judicial circuit
will be held Sept. 2 and 3 with

an Air-Line Lodge in Gainesville.

Division Deputy Grand Master C. R.

Allen is preparing for a pleasant
and profitable convention and it
is likely that many delegates
will be present. The degree work
will be exemplified by pick-
eted teams from the local Lodge

Friday night, Sept. 2. The business
session will be called for Saturday
morning at 8:30. The address
of welcome will be made by D.

G. Bickers, and addresses will
also be made by Mr. T. H. Robertson,
Mr. J. C. Boone, and Mr. C. R.

Allen. The unwritten work be-
ing exemplified by Mr. Allen, and a
committee on plans for the opera-
tion of the division organization
will be appointed. Every lodge in
the Northeastern circuit is urg-
ed to send as many delegates as
possible. They will be entertained
by the local Odd Fellows.

The military that was sent to

"protect" the doomed negroes at

Statesboro last week with empty

guns should be supplied with corn-

stalk sticks hereafter.

If the two proposed amendments to

the constitution pass, providing

for county taxation for school pur-
poses, the burden will be shifted
from the state to the counties.

Do you favor it? We don't. For

it will make the taxes of all small

counties higher.

boarded at the same place, and

Walling slept with his door open.

<

Local News.

Mr. T. S. Littlefield has had the painters to touch up his residence, which makes a decided improvement.

Mr. W. E. Ricketts has commenced the erection of a new dwelling on what is known as the old Vandike lot.

The number of acres of wild land in Lumpkin county has also increased this year to 211,211 acres from 186,058, as returned last year.

Mr. W. B. Gurley and his family went over into Union county last Saturday to attend the Notley River Association, which convened at Mt. Zion church in that country.

The names of Mr. and Mrs. Chas. Dobson, are registered at Hall's Villa this week. Mr. Dobson was here about fifteen years ago and examined and made a report on the iron mines of this county.

Mr. H. D. Gurley, of Dahlonega, bought a town lot over at Blue Ridge, Ga., last week, on which he may build a store house. The lot is in a desirable place and is 80x100 feet.

Just received a new stock of paper, envelopes and cards which enables us to supply your wants in job printing upon short notice as fast and cheap as you can get it anywhere. Send us an order and be convinced.

It is like Maj. Tillson said the other day, we need canneries in this section. Without them hundreds of bushels of fruit rot every year and then we buy our canned fruit from the North or some other place and pay a big price for it.

Lumpkin camp meeting is now in session and no doubt a large number of people will attend from this and adjoining counties. Always on Saturdays the attendance is so large that it would take an arbor several times as big as the present one to accommodate the people.

Gen. Warner came up to Dahlonega last week, just as soon as he returned from the East, to look over the Crown Mountain Mine, of which he is president. The General has recently completed the George and Dulap dams and says he will start another one in about a month.

Deputy Marshal Grizzel went down into Dawson county last week and found Charlie Crawford, Cager Brown and H. Hyde running an illicit distillery. Having run short of water during the drought a well was dug to supply the wants of the occasion. All were brought to Dahlonega and buried over.

One day last week a strange negro appeared at Mr. Erskine Pattersons, out in the country, and asked his wife, who was alone then, if her husband was at home at night much. She replied that he wasn't. That night Mrs. Patterson went from home and her father and others went over and spent the night at Mr. Pattersons, but the negro failed to come, and it is a good thing for him that he didn't.

Last Sunday according to announcement Mr. John Anderson and several of his country friends, met at the Baptist church and had a singing, joined by a few of Dahlonega's citizens, which lasted for an hour and a half. The singing was splendid and it was listened to with much interest by a big crowd of people, both old and young for, it is a rare thing to have any good vocal music in Dahlonega. The poor people don't seem to want to mix up with the wealthy on such occasions, and the wealthy seem to be too proud to open their mouths. Mr. Anderson would teach a class here but these difficulties prevent it. Now when it comes to a ball a big crowd can be gotten up upon short notice in Dahlonega and the participants will dance and sweat these hot nights until 12 or 1 o'clock.

What about those white citizens being too stingy to subscribe for THE NUGGET and borrowing a colored persons every week to read?

Mrs. Garrett writes us that it was not any of her folks that cut the little Free boy's coat, mentioned in last week's NUGGET. It was some one else.

The hands down about New Bridge do not dread to work the roads like they do in other parts of the country. The other day a crowd got together and worked out a settlement road about a mile long.

Mr. Frank Moose left last Sunday for White Rock, Ga., where Mr. Marion Chester has been engaged for some time. We understand that Mr. Chester will be at home in a short while to resume work at the Pyrites Mine, in Lumpkin county.

Last Saturday John Barker, who resides on the other side of the Chestatee river, was brought in to be imprisoned by order of the road commissioners of that section, for refusing to perform road duty. He was fined three dollars or six days in jail. When John saw the jail door he settled the fine.

Cutting off the electric lights so early on Sunday mornings makes it very inconvenient to people who get up soon, or have sickness in their families. The parties who left last Sunday morning for Mossy Creek camp meeting found this to be a fact by having to hunt up lamps and cook and eat by a dim light.

We understand that Mr. Galbreath, who left Dahlonega some weeks ago for Rabun county to return in a few days, and nothing had been heard of him, has landed back to his home in Texas. Some parties were expecting to go back from here with him but Mr. Galbreath didn't seem to want any company.

One day last week a singing school, being taught by Mr. Thompson, up at Yadoola, liked to have caused a racket between Mr. J. C. Anderson, another singing master, and Will Ash. The two singing masters disagreed about some form of singing adopted by Mr. Thompson. Mr. Anderson claimed that it wasn't right, and one word brought on another till both got mad right in the church. It is said that liquor made from chemicals is dangerous, and there is no reason why vinegar manufactured from chemicals are not the same way.

The Colored Association embraced last Sunday and was held up in White county. Although the distance from Dahlonega is 25 miles or more nearly every negro here and several white persons went up. And every person in the county nearly was there. The citizens of that county, both white and black, are prosperous, and all visitors attending these occasions are treated well, being supplied with every thing the country affords, even to blockade liquor. One negro was furnished with a lot of liquor by a white man and there was such a demand for it that an additional four gallon jug and a keg had to be filled an' sent in for Sunday's use. Every thing was free to all present except liquor, unless it was a good old brother who indulged. He occasionally got a free sip to regulate his voice for singing purposes. A few of the ministers were served likewise, but when desiring as much as a quart it cost them 50 cents—the sinners price. And it was a sight to see how some of the visitors fed that free corn to their poor horses, causing the animals to pick up so during the meeting that the owners neighbors did not know them when they returned home. One brother would diligently search and take every melon offered, and when he got ready to start back to Dahlonega his buggy was full of fine ones. These were sold to his customers for a neat little sum. Manuel Howell, of Dahlonega, was there of course. Every body here knows how shifty Manuel is. He never goes to a place and returns with less that he carries with him. Manuel weighs about 140 pounds, is old, has rheumatism and walks with a stick. Before this negro left for the association last Saturday he went and borrowed a pair of big breeches from Bill Anderson, who weighs about two hundred pounds. The pants hung full loose on Manuel when he left, but upon his return they fit perfectly tight, being as complete a figure as a clown. His stick was gone and his face showed signs of joy and happiness, causing the old negro to walk as gib as if he was just reaching his 16th year. Do you blame these negroes for wanting to go to White county meetings?

Cols. Charters and Lilly are attending Rabun Superior court this week.

The industrious ladies have put up fruit till the supply of jars has been exhausted in Dahlonega for several days.

We regret to learn of the serious illness of Mr. Reeves Whitmire, of this place, who is paralyzed and almost blind.

Sam Hamilton writes us from Wild, that he raised a turnip weighing five and one-fourth pounds and sold it for ten cents.

Frank Worley and Marion Brooksher have both returned to Dahlonega with their families from Tennessee. They put negro bosses in charge of the works where they were at and it didn't suit the men.

Mr. C. M. Moore filed his bond last Saturday for the faithful performance of the Jay bridge and is already at work on the pillars. He will be assisted by Mr. W. J. Hightower, who has a saw mill, which answers a very important part when it comes to building wooden bridges.

If we had a railroad we would not have hundreds of bushels of fruit rotting on the ground in this county. A number of our farmers are making a lot of vinegar, but instead of our merchants buying it they send off and get an impure chemical stuff that makes pickle sour so that it will cause a persons mouth to twist out of its socket, although the pure home made vinegar can be bought and sold for less than that made of chemicals, with no danger of injuring your health. It is said that liquor made from chemicals is dangerous, and there is no reason why vinegar manufactured from chemicals are not the same way.

The Colored Association embraced last Sunday and was held up in White county. Although the distance from Dahlonega is 25 miles or more nearly every negro here and several white persons went up. And every person in the county nearly was there. The citizens of that county, both white and black, are prosperous, and all visitors attending these occasions are treated well, being supplied with every thing the country affords, even to blockade liquor. One negro was furnished with a lot of liquor by a white man and there was such a demand for it that an additional four gallon jug and a keg had to be filled an' sent in for Sunday's use. Every thing was free to all present except liquor, unless it was a good old brother who indulged. He occasionally got a free sip to regulate his voice for singing purposes. A few of the ministers were served likewise, but when desiring as much as a quart it cost them 50 cents—the sinners price. And it was a sight to see how some of the visitors fed that free corn to their poor horses, causing the animals to pick up so during the meeting that the owners neighbors did not know them when they returned home. One brother would diligently search and take every melon offered, and when he got ready to start back to Dahlonega his buggy was full of fine ones. These were sold to his customers for a neat little sum. Manuel Howell, of Dahlonega, was there of course. Every body here knows how shifty Manuel is. He never goes to a place and returns with less that he carries with him. Manuel weighs about 140 pounds, is old, has rheumatism and walks with a stick. Before this negro left for the association last Saturday he went and borrowed a pair of big breeches from Bill Anderson, who weighs about two hundred pounds. The pants hung full loose on Manuel when he left, but upon his return they fit perfectly tight, being as complete a figure as a clown. His stick was gone and his face showed signs of joy and happiness, causing the old negro to walk as gib as if he was just reaching his 16th year. Do you blame these negroes for wanting to go to White county meetings?

Rev. Jonathan Gilreath, of Union county, preached at Yadoola church last Sunday, or pretended to do so. He had a large congregation, but on account of the slang and criticism used by Gilreath, his next congregation up there will likely be much smaller. He didn't seem to have a good word for any of the members of the church, but talked more like a crazy man than a preacher. He compared the members of the church to All Ingram of his county. He said Mr. Ingram would get cross with his family, or words to that effect, and lead his horse into the house and hitch it. "And here, you members," said he, "will bring distillers, drunkards, liquor dealers and bad women into the church." The divine said he had nothing to do with liquor, and seemed to hate those who did. From what we learn Mr. Ingram has changed in this respect within the last few years. We are told that at one time he and three other preachers all drank liquor together at a certain man's house in Yadoola district, and could be heard talk for a mile nearly, for they enjoyed it. And in less than two years ago this preacher had a lot of liquor to Dahlonega for some blockaders to sell, so a party tells us who got some of it. It is right for preachers to fight the liquor traffic and its use, provided they are clear of it themselves, otherwise their preaching is worth nothing.

The price of flour is advancing. Several of our citizen's cows have died recently.

Mr. C. W. Satterfield has been off on a visit this week.

Mr. Miller Davis, of this county, left last Monday for the Indian Territory, to be gone about a month.

Mr. M. G. Head has been in Gainesville this week purchasing furniture for his hotel, which will be opened out in Dahlonega first of next month.

Last Sunday, up near Porter Springs, Mr. Andrew Edmonson and Miss Salina Porter were wedded. The bride is a daughter of Mr. Kenny Porter.

Mr. Geo. Burns, of New Bridge, brought us up a very fine seedling peach last Monday, measuring ten inches in circumference, being the largest one yet brought to this office.

Mr. R. J. Swain, who has many friends in Dahlonega, writes us from San Francisco, Cal., that where he is the climate is fine except the heavy fogs at night and early in the mornings.

Prof. Calloway, the newly elected principal of the Dahlonega public school, arrived last Monday, together with his family, and all our citizens extend to them a most cordial welcome.

Dr. Glenn, together with several persons from Dahlonega, went up to Mossy Creek camp meeting last Sunday. The attendance was large and everybody nearly, having themselves, making it a very pleasant occasion.

A few days ago our old friend Mr. W. T. Bryson, came across a rathsknake the other side of the Chestatee river so large that he could do nothing with it, and after hitting it with several rocks with effect, the old man retreated.

Last Sunday a wedding took place a few miles above Dahlonega. The contracting parties were Miss Lizzie Walker, a daughter of Mr. James Walker, and Mr. Will Marr. Squire Ridley performed the ceremony.

Rev. W. T. Dowdy informs us that a very interesting meeting closed last week up at Macedonia church in this county. There were ten accessions to the church and the baptizing will take place in the creek near the residence of Mrs. J. B. Tates on the 2nd Sunday in September.

At a recent meeting of the Board of Trustees of the N. G. A. College, Prof. R. J. Ferguson of Anneslie, Ala., was elected to take charge of the Business Department of the institution, and Miss Mary Merrett, of Gainesville, will occupy the chair of Modern Science. Both come recommended as most excellent teachers.

Mr. Sanford Guerin was arrested this week on a warrant swore out by Charlie Head about two months ago and put into the hands of Constable E. Carroll, charging him with an assault with intent to murder. The officer was instructed by the plaintiff to hold up during this time to see if a compromise couldn't be effected.

Surely there couldn't have been much damage done and where such delays as this are caused no attention should be given it by the grand jury.

We notice that a certain lady has become very much offended because we mentioned a schedule that had been taken to keep from paying honest debts. It is not our custom to pay attention to a woman as long as she remains in a woman's place. If there is much dissatisfaction we would advise this lady to send for her husband for a settlement. If he slaps us on one cheek we will turn the other. This lady claims that we live in a "glass house" and should not throw stones." This may be, but we owe no one for the meat and bread that we have eaten, nor for a rocking chair bought on a credit, and scheduled or homesteaded to it that which belong to others.

Mr. Wm. Vaughn has returned from Alabama.

Hon. G. D. Bruce left for Blue Ridge yesterday.

Mr. M. J. Williams left yesterday on a visit to Chattanooga, Tenn.

The fall session of the Dahlonega public school commences on the 6th day of September.

W. P. Price, Jr., went down to Atlanta this week to lay in his fall stock of goods. Watch for his bargains in THE NUGGET.

Mr. J. H. Blackburn, of Adairsville, Ga., while visiting relatives in Dahlonega this week, gave THE NUGGET office a pleasant call.

We were pleased to meet Mr. Geo. Keith this week, of McCays', Tenn., who once resided in Dahlonega and attended the N. G. A. College.

Dr. Glenn, president of the N. G. A. College, informs us that he expects 300 students here for the fall term, which begins on the 7th day of September.

Those wishing to board students are requested to send in their names to Dr. Glenn, president of the N. G. A. College, and the number they can take. Do this at once.

Mr. Dock Davis, of this county, has been very ill at his home a few miles of Dahlonega, for about ten days. Several times his death was expected but we trust that he will recover.

It seems that the road commissioners are getting after the defaulters. The commissioners met here a time or two last week to try young Jess Satterfield, but so far he has not been arrested.

Mr. Ashley, the nominee of the republican party of the 9th district of Georgia, who left for the North some weeks ago, has not returned yet, but we trust that he will not be missed.

Mr. VanVleck, who has been

interested with Mr. Ashley in mining in Dawson county for some time, was up first of the week, mixing and mingling with his many friends here. He is expecting his father down from the North every day.

A little negro from North Carolina, called Hemphill, has been preaching here this week. He weighs 85 lbs. is 61 years old and talks like a woman, but has a good knowledge of the scripture, and preaches well and has been listened to with much interest by both white and black while here.

Rev. A. F. Norton, of Cleveland, Ga., dropped into see us last Tuesday, as he was returning home from a visit to friends and relatives in Cherokee, Cobb and other counties. We are always glad to meet this good old gentleman and trust that he will come to Dahlonega often.

We return thanks to our friend, Mr. M. Fitts, a patron of THE NUGGET, for sending us some very fine tomatoes this week, one of which weighed 21 ounces. Just think about the people of this section paying ten cents a can for northern tomatoes containing much smaller ones than this, that could be put up right here in Dahlonega.

Last week Col. Farrow swore out a warrant for James M. Robinson, of this county, charging him with stealing peaches. Afterwards Robinson came to town and secured a warrant for the Colonel, charging him with breaking into his house, and the trials were set for Tuesday in Porter Springs district. The property causing this litigation was once owned by Robinson, near Porter Springs, but was gained by the Colonel in the Superior court not long ago and was put in possession of the same by the sheriff of Lumpkin county. Both cases were dismissed and Robinson was brought here and lodged in jail by the sheriff on an old warrant against him about the same property, issued some time ago, having forfeited his bond.

The College Trustees are Thankful to Mr. Bruce.

Last Saturday, at a meeting of the Board of Trustees of the N. G. A. College, the following resolution was read and unanimously adopted:

Resolved, That the thanks of this Board are hereby tendered to Hon. G. D. Bruce, member of the house of representatives, from Lumpkin county, for his very efficient services rendered in the last legislature helping to secure the appropriation to the college, and that the secretary of this Board do furnish Mr. Bruce with a copy of this resolution.

Lumpkin County's Taxes Increase Over \$30,000.

Last Friday Receiver Healan came in with his tax digests for the ordinary and comptroller, showing an increase over last year of \$30,667, which is very encouraging to say the least of it.

Most of the returns of the militia districts have increased this year. Below is the returns of each for 1903 and 4:

	1904	1903
Auraria	\$67,522	\$6,265
Cane Creek	23,054	21,749
Chestatee	21,771	21,513
Cromby	21,692	23,044
Dayis	30,052	30,281
Dahlonega	512,446	500,022
Frog Town	12,810	12,746
Hightower	28,194	26,251
Jones' Creek	6,142	6,841
Mill Creek	15,151	13,931
Martin's Ford	36,888	28,571
Nimblewill	31,527	28,883
Porter Springs	22,006	21,722
Shoal Creek	26,612	27,385
Wahoo	31,414	20,287
Yahooola	21,911	23,264
Total white	909,282	880,725
Total colored	9,255	9,037
Total wild land	12,930	12,356

The Railroad Question.

Mr. Baldwin, president of the Gainesville Midland Railroad Co., was in Gainesville last week and among other things talked as follows about the road and the Pyrites mine:

"It is too early yet for us to be able to make any statement concerning the broadening of the gauge of the road or any extensions, but when I come back from my annual vacation the company intends to make a careful study of all the questions involved, and at that time will consider the advisability of broadening the gauge of the entire railroad and also the feasibility of extensions northward toward Dahlonega and southeastward toward Athens, and if we meet with sufficient co-operation and assistance from the parties living along the suggested route, these extensions will likely be made, but if this property is to be extended the people living in the country served must assist us for our mutual benefit."

"It is true that I am interested in the Chestatee Pyrites Company, owning perhaps the largest pyrites deposit in this country, which lies on the Chestatee river about twenty miles north of Gainesville, and this company has now perfected its plans for the improvement of its property as soon as a railroad connection can be assured. The development of this property would mean the employment of several hundred men and would create a very large payroll, which would be of very considerable benefit to the merchants of this section as well as to the farmers."

"We want and hope for the cordial co-operation of every man, woman and child along the Gainesville Midland Railway and shall do our best to obtain and deserve it."

There has been a great revival going on at Mt. Pisgah church conducted by Revs. Ash, West, Waters and others.

Miss Minnie Roberts, the eldest daughter of Mr. Henry Roberts, died last Wednesday night. Oh how sad it is for a young lady to be taken away in the bloom of youth.

Every Town Should Advertise.

In the opinion of the Four-Track News, one of the first requisites of a good business man, in this age of mercantile activity, is that he should understand the art of advertising. The same rules that govern the private concerns should govern the business affairs of cities. Every civilized town that has industrial aspirations and hopes to grow and prosper, must need to let the world know what it has to offer by way of inducements. Manufacturing enterprises, educational institutions, business and professional men are ever seeking desirable locations, and it is a noticeable fact that comparatively few cities and towns are attracting them. This is because many towns which possess good water power, good shipping facilities, good school and residential advantages, lack the life and enterprise to let the world know what they possess. They do not grow because they are unknown. They are like the drowsy merchant who doesn't think it worth while to advertise, but prefers to sit and watch the spiders spin webs across his doorway. Every new enterprise that locates in a town adds to the prosperity and business possibilities of every dealer in the place, and every citizen who has his own good and the good of the community at heart should take a hand in getting his town into touch with the wide awake world.—Ex.

Smoking In Berlin Streets.

Before May 23, 1852, no smoking was allowed in the streets or parks of Berlin, and offenders were punished by a fine for the first infraction of the rule and by imprisonment afterward. The king of Prussia in those days detested smoking and the police and the military men were under strict orders to arrest any one who dared to smoke in public. It is recorded that when Napoleon occupied Berlin a hundred years ago the Berliners eagerly took advantage of the opportunity to smoke, and took a special delight in puffing smoke in the faces of the police, who had then no power to arrest them. In 1852, however, the restriction was withdrawn, and since then the people have celebrated the anniversary with great joy.

How to Get Rid of Stumps.

The following method of getting rid of stumps is recommended by the "Scientific American": In the autumn allow one or two inches in diameter, according to the girth of the stump, vertically in the center of the latter, and about eighteen inches deep. Put into it one or two ounces of salt peter; fill the whole with water and plug up close. In the ensuing spring take off the plug and pour in about one-half gallon of kerosene oil, and ignite it. The stump will smoulder away, without blazing, to the very extremities of the root, leaving nothing but the ashes.

In those lands where horses are the food of men, all manner of flesh goes the way of the sausage machine, says the New York Tribune. Recently there had to be slaughtered at Ghent an elephant well known in Belgium by the name of Jack, the last inhabitant of the zoological gardens, and his flesh, which is stated to have weighed nearly 3,800 pounds, or two tons, all went to the sausage makers. In addition, there were 1,100 pounds of bone, head, 250 pounds heart, 50 pounds liver, 100 pounds tongue, 50 pounds skin, 1,000 pounds, and viscera, 600 pounds.

Some weekly newspaper men kick when a person sees proper to discontinue their paper. We look at it differently. Every man has got a right to do as he pleases about this matter and knows his circumstances better than any one else. So if, any one wishes to discontinue THE NUGGET, they can do so without a bit of ill feeling on our part, and need not put up any excuse. We will mark their names out, and at the same time have a feeling of gratitude for past patronage.

Patronize Home Industry.

The following from the Birmingham News, which is published in one of the most prosperous cities of the South, is applicable to Dahlonega in line with the policy of THE NUGGET:

Patronize home industry. There never was a more practical motto than this. The man who lives in a community and depends upon that community for his income and sends purchases to a foreign market because it may be cheaper, is more selfish than wise. The money he sends away never comes back. He has in part robbed himself. He has set a pernicious example which if generally followed will result in bankrupting the town upon which he relies for a living. To neglect the home people is not only ingratitude, it is a shortsighted policy which entails a penalty on the offender. If a man has no patriotism, no appreciation of favors, no civic pride, he should have intelligence enough to know that it is a good business policy to patronize the homefolks. Everybody shares more or less in the prosperity of the community. If the merchants, the factory owner, and others who have commodities to sell are prosperous every citizen is partially benefited. A little candle of prosperity throws its beam a long way.

Patronize home industry; help your neighbor and he will help you.

THE YEAR FOR DEMOCRATIC VICTORY.

For All the News of the Campaign Read the Journal.

The Atlanta Journal will not only strive to be right, but it will be bright and large, national in its news and views. Everyone who is interested in this year's Presidential contest will need it every day.

The Journal's facilities for getting the news "while it is news" are better than any other paper published in the South.

The rates are very low, being only \$7.00 per year for the Daily and Sunday by mail, \$3.50 for six months. Daily only \$5.00 per year, \$2.50 six months, or delivered by our carriers in the different towns and cities at 12¢ per week.

SPECIAL CAMPAIGN OFFER.

The Daily and Sunday Journal for the next six months, \$3.00.

Agents are wanted to take subscriptions and a very liberal commission will be allowed to all new subscribers. Address Atlanta Journal, Circulation Department, Journal Building, Atlanta, Ga.

Temporary subscription blanks, sample copies, printed matter, will be sent by return mail.

If you want all the news all the time read The Journal.

BARBER SHOP.

When wanting a nice clean shave, hair cut or shampoo, call on Henry Underwood, First-class barber shop in every respect, where he will be found ready to wait on you at any time.
